

# Faculty & Staff Resources

## On-Demand Workshops

Students have access to three on-demand workshops through the [Career Center Workshops website](#) including: Resumes That Get Results 2.0, LinkedIn: From Novice to Networking Pro, and Ace That Virtual Interview. Here, you can also find a list of upcoming in-person and virtual live workshops hosted by a Career Center staff member.

## What Can I Do with This Major?

What Can I Do with This Major? helps students to identify and learn more about in-demand occupations that align with Tri-C programs and degrees. [What Can I Do with This Major?](#) is helpful for students who are looking to explore their chosen field of interest and possible career paths; students can also identify strategies to make themselves more competitive in the job market.

## Pathful Explore

Pathful Explore is an exploration and planning platform with a range of career videos, where students can hear directly from professionals who actively work in their field of interest. This is a great alternative for students who are unable to complete an in-person job shadow and/or just want to learn more about a career field. Hundreds of career profiles and videos are available to students on [Pathful Explore](#)

## Career Spots

Whether students are looking for advice on the job search, resumes, cover letters, networking, interviewing, professional dress, experiential learning, or salary negotiation - [Career Spots](#) has a video for them. Students can access over 50 career advice videos, with nearly all of the videos being less than 5 minutes long.

## Career Center Library

The Career Center has specifically created over 20 documents to assist students on their career journey. PDF documents walk students through creating a profile on Handshake and using the system, writing cover letters, answering interview questions, and more. One of our most utilized documents in the [Career Center Library](#) is the downloadable and editable [resume template](#) that students can use to create their own resume.

## Summer Internship Program

The [Summer Internship Program \(SIP\)](#) is a flagship program in the Career Center. SIP is a great opportunity for Tri-C students to match with a summer internship that will provide them with a wealth of professional experience in a structured setting with built-in onboarding, professional development, and networking opportunities. The Career Center pays the student for 100 hours of work, and we also cover the tuition for one summer course (up to 4 credit hours) and a \$125 stipend for one book for the summer course. Additionally, if you would be interested in hosting a summer intern, please contact the Career Center at [careerservices@tri-c.edu](mailto:careerservices@tri-c.edu).
