Additional Information

Student must successfully pass the HESI A2 and NURS-1000 Introduction to Healthcare Concepts before being authorized to register for NURS-1010.

Assumptions: college-level readiness in MATH and ENG; no Foreign Language Deficiency (FLD). Refer to CSU/Tri-C transfer guides for information on approved General Education courses. *These courses may not be eligible for financial aid at Tri-C; please consult a Counselor or a Financial Aid Office.

CSU requires a minimum of 120 total credit hours for graduation. At least 30 credits must be completed in-residence at CSU. At least 24 of the in-residence credits must be completed at the upper division (300/400) level. Students deficient in total credits or in-residence credits must take additional elective credits to meet the minimum requirements. Depending upon other elective choices made, students may not need as many general electives as indicated above, or may need additional electives.

While every effort has been made to ensure the accuracy of the information, CSU reserves the right to make changes at any time with respect to course offerings, degree requirements, services provided, or any other subject addressed herein.

Appendix A Associate of Applied Science in Nursing to Bachelor of Science in Nursing

This map represents one example of how to complete the AAS and BSN degrees. Students should work closely with advisors at both institutions to discuss options.
