Paul Rokicky, M.S.  
**Assistant Professor and Mathematics Coordinator**

Paul Rokicky has served as Assistant Professor and Mathematics Coordinator at Cuyahoga Community College (Tri-C®) since 1999. Rokicky teaches Calculus, Differential Equations, and Math for Elementary and Middle School Teachers at the Western Campus, and serves as the Program Coordinator for Mathematics.

Rokicky earned both a Master of Science in Mathematics and a Bachelor of Arts in History from Cleveland State University. His research interests include Native American Mathematics concentrating on the Math of the Ancient Maya. He has delivered numerous lectures on his research for professional organizations and community groups. He has visited and studied many Ancient American sites of astronomical and mathematical significance.

Prior to joining Tri-C, Rokicky served as a mathematics instructor at Polaris Career Center, and at Southview High School.

**Speech Topic:**

- **Mathematics of the Ancient Maya** - The numeration system of the Ancient Maya was the most advanced of the Native Americans. An introduction to the Mayan Mathematical system, as well as its use in their calendars, architecture, astronomy, and city-site plans will be discussed.
