G A Y - S T R A I G H T
A L L I A N C E

We strive to educate others and ourselves on Gay, Lesbian, Bisexual, Transgender and Straight issues and to work with other campus groups towards eliminating intolerance and prejudice. Our goal is to create an accepting environment in our school and community and to be a safe place where everyone can feel comfortable and supported. We act to encourage informal activities which foster healthy social interactions, bonding and understanding within our group and the greater community.

**Join us every Wednesday
1:00 pm in CCW 310
