

Honors Courses

Honors courses at Cuyahoga Community College are based upon a commitment to college, scholarship, and community.

Honors courses are designed for students with higher academic potential. These students may also qualify for acceptance into the Honors Program. The program is designed to produce graduates with advanced communication and critical thinking skills, along with a heightened appreciation for diverse cultures and points of view. Scholarship opportunities are also available based on exceptional academic achievement.

For more information on the Honors Program and Honors courses, including eligibility, please visit www.tri-c.edu/programs/honors or contact:

83523 Lect 3 TTh 9:00-10:15am

HIST 151H Honors U.S. History to 1877

83284 Lect 3 TTh 1:30-2:45 pm

MATH 161H Honors Calculus I

83148 Lect 5 MW 8:00-10:15am

PHIL101H Honors Intro to Philosophy

86510 Lect 3 TTh 10:30-11:45am

PSY 101H Honors General Psychology

82031 Lect 3 TTh 12:00-1:15pm

SOC 101H Honors Introductory Sociology

86194 Lect 3 MW 10:30-11:45am

***Registering for CHEM 130H also requires that students also take CHEM 130L. For additional information about CHEM 130H, contact Professor Lois Hansen-Polcar at 216-987-5497 or lois.hansen-polcar@tri-c.edu (WEST) or Professor Ormond Brathwaite at 216-987-2401 or ormond.brathwaite@tri-c.edu (EAST).*

179H/279H OPTION

Students have the option of adding a one-hour honors contract to 1000/2000 level honors courses. Please see specific schedule or contact your honors coordinator for more details.

182H/282H OPTION

Qualified students can also discuss with faculty the possibility of developing an honors independent study course to meet their needs; these 182H or 282H courses are available in any subject area at the College. Please contact one of the honors coordinators for info about these independent study opportunities.
