

Student Financial Assistance: Disbursement Policy

Eligibility for student financial assistance is determined based on official enrollment as of the 15th day of the session for which you are enrolled. If you enroll for courses in multiple sessions of the semester, your financial assistance will be disbursed on or after the 15th day of the session for which you are enrolled. This means that students may not receive financial assistance in a single disbursement. Aid is applied based on the number of credits you are enrolled in by that day. Financial aid awards must be finalized in order to be applied to your student account. Any pending awards that have not been awarded or verified will not be applied to a student's account until all documentation has been received and reviewed by the Student Financial Assistance staff. To ensure that your aid has been awarded, check your status online at *My Tri-C Space* (<http://my.tri-c.edu>), or contact your campus Student Financial Assistance office.
