### CMA Up Close — Materials and Processes

*Presented by the Cleveland Museum of Art*

This course will offer insights into artists' materials and processes and how museum professionals conserve and exhibit art. Hear from conservators, preparators, curators and educators on the materials, making, care and display of art. Individual session topics include how Japanese artists used Chinese forms and techniques to bring Japanese porcelain into the modern era; the challenges of exhibiting contemporary paper works, such as recent prints and drawing acquisitions; and discussions on other parts of the museum's permanent collection and rotating exhibitions.

## CMA Up Close — Traveling Through Landscapes

*Presented by the Cleveland Museum of Art*

Artists have depicted landscapes for centuries, and the genre continues to captivate audiences. The landscapes of certain regions — geographic, political and social — have also influenced artists in terms of subject matter, materials and style. In this course, participants can explore artists' depictions of landscapes and the diversity of peoples, traditions and artistic expressions across many lands. Session topics will include the importance of the *Seven Jeweled Mountain* in North Korea and its role in the tradition of Korean landscape painting; the complex artistic relationships between northern and eastern African Christian kingdoms and the Byzantine Empire through secular and sacred art; and how Monet captured the momentary effects of light and atmosphere on subjects at various times of day and under different weather conditions.

All sessions are held at the Cleveland Museum of Art. This on-site course involves walking through the museum galleries and may include slide presentations in our lecture hall and viewing objects from our Education Art Collection in a classroom space. Assistive listening devices are available.

### ***The Unimaginable Journey of Peter Ertel***

In the midst of great evil, it is the courageous man or woman who refuses to succumb. Peter Ertel was one such man. Forced to serve in the German army despite his open contempt for the Nazis and his refusal to kill the enemy, Ertel not only miraculously survived World War II but would also be regarded as family by his Jewish employers. *The Unimaginable Journey of Peter Ertel* is a riveting, award-winning account of the life of a man who defied insurmountable odds in an unforgiving environment and later found peace in America. This film combines archive footage — much of which has never before been shown — with Ertel's own brave telling of his extraordinary odyssey. A true story so bold, brave and beautiful, it will restore your faith

that humanity can survive even the darkest of days. The film's accolades include the David Ponce Best of the Fest Award at the 2017 Chagrin Documentary Film Festival, the Founders' Choice Award at the 2016 G.I. Film Festival and the Local Heroes Competition at the 2017 Cleveland International Film Festival.

Film screening, 104 minutes, followed by a Q&A with **Joseph Cahn, producer and editor of Victory Films**
