ABC's of Transfer: Learn about the process of transferring from Tri-C to a four-year institution. We will discuss available resources related to finding the right four-year institution for you, the application process, making sure you are on the right track with your classes and how to connect with your school of choice before you graduate.

College Reading: Having effective reading strategies is a key component to your academic success. Students often struggle with the volume of reading expected and how to stay focused while reading and during class lectures. This workshop will provide tips and techniques to help you read more effectively and achieve a deeper understanding of the material.

Building Your Personal Brand: Learn what a personal brand is and how it affects the way you are perceived as a professional. Effective strategies for taking control and developing a brand that successfully communicates who you are in a positive light including tips when using social media.

Constitution Day Celebration: Join us as we celebrate Constitution Day! Test your knowledge with the Constitution Day Trivia Game. Enjoy free snacks and giveaways.

Discover the Career for You: Are you undecided about your career path? Don’t know what major to choose? Thinking about changing careers? Learn how to use assessments to help you understand your interests, values, and personality related to your career choice that will help you lay out a path that leads to success.

Diversity Awareness & Cultural Understanding: Increase your awareness of the various dimensions of diversity and what it means to live in a diverse world. Recognize the value of our differences and learn how to foster and environment of awareness, respect, and community.

Fact or Crap: How to Tell if It’s Real News, Fake News, or Satire: Almost 2/3 of American adults get some of their news from social media. This workshop will show you a few quick ways to analyze rumors and memes. Bring your smartphone!

FAFSA Completion: Receive assistance completing the FAFSA as well as Tri-C Foundation Scholarship applications.

Financial Aid 102: Requirements, Refunds and More!: Learn more about resources to fund your education, grants, scholarships, work-study, loans and more. Discover how to qualify and maintain your eligibility.

Five Tips on Being a Great Leader with Your Campus President: Eastern Campus President, Dr. J. Michael Thomson, will take about the positive culture leadership model used by innovative companies such as Google and Disney. Discover five key attributes of the leadership model that can help you become a successful Tri-C student.

Get Engaged in Your Learning: Many opportunities are available outside the classroom for students to cultivate personal and professional skills including leadership development. Learn how to truly get engaged in your learning at Tri-C.

Goal Setting & Academic Planning: Understand the importance of making an academic plan and how setting goals can help you stay on track for graduation.

Got Grit? How Perseverance Leads to Success: Do you know that when it comes to personal and professional success, attitude is more important than aptitude? Discover how having the right mindset can have a major impact on your success. Using a student’s perspective, learn what it takes to persevere through adversity and accomplish your goals.

Helping Students Pay for College: Do you need help paying for college? Learn about financial resources such as work-study, financial education, public benefits and scholarships.

Leadership Challenge – Model the Way: Part one of the Student Leadership Challenge teaches leaders that before you can effectively guide others, you must first have an understanding of your personal values. This workshop allows students to dive into their personal values, how they model their values, and how others know what they value.

Making the Most of Your Study Time: Where did you learn how to learn and how to study? It is an odd question, as you have been doing it for a very long time, and since you’re in college, you’re clearly pretty good at it. That said, what if the strategies you use to study are not the most effective ways to learn? This session is not about spending more time studying, but rather learning tips and tricks to make learning easier.

Success in Math: Do you dread taking math courses? Come learn about all the resources available to help you succeed in math and learn tips on tackling your math courses.

Success Paths to Graduation: Tri-C has many resources to help you become and stay successful. From scholarship to tuition incentives, we’ve got the program for you! Attend this workshop to discover what our campus has to offer and how you can make the most of your experience at Tri-C.

Test Taking Tips: Learn practical tips for different types of test questions and how to manage test anxiety.

Time Management: Learn to utilize time as a commodity allowing you to conquer procrastination, increase productivity and reduce stress.
