EARTH DAY

Earth Day is dedicated to inspiring awareness and appreciation for protecting health and the environment.

APRIL 22-26, 2019

#EarthDayEveryDay

Earth Day Kick-off

How can you save the world?

Monday, April 22, 11 a.m.- 1 p.m.

President's Plaza (Under the ramp)

Learn how you can literally help save the word. Spin the PRIZE WHEEL!

Charge your phone by riding a bike.

Taste honey and learn about beekeeping.

ART CONTEST

April 22 9 a.m. - April 25, 4 p.m.

President's Plaza

A poster exhibition and contest by Visual Communication and Design students showing their creative representations of what sustainability means to them.

POETRY AND PROSE

Tuesday, April 23, 11 a.m.-noon

President's Plaza, ESS 2nd floor

Read your favorite poem or short prose piece - yours or another author's - about nature or the environment.

HONORS LECTURE

What Lies Ahead: Climate Change and your future

Wednesday, April 24, 3-4:30 p.m.

EMHC 240

From the smokestacks of Cleveland to the greenhouse gas removing "time machines" of the future. Why should you care? Join us for a discussion that will equip you with the knowledge to make informed climate decisions going forward, and to help you better understand and prepare for the consequences that may lie ahead.

Learn more about Earth Day at www.epa.gov/earthday.

For more information, contact Casandra Sweeney at 216-987-2140 or casandra.sweeney@tri-c.edu.

The Honors Program presents
an honors panel discussion:

WHAT LIES AHEAD: CLIMATE CHANGE AND YOUR FUTURE

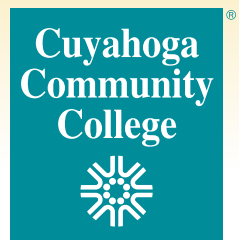

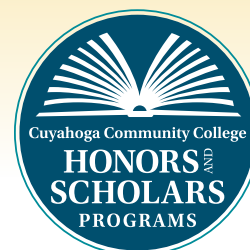

Wednesday, April 24 | 3-4:30 p.m. | EMHC 240

From the smokestacks of Cleveland to greenhouse gas removing “time machines” of the future. Why should you care? Join us for a discussion that will equip you with the knowledge to make informed climate decisions going forward, and to help you better understand and prepare for the consequences that may lie ahead.

Peter Campbell Psarras, Ph. D., Assistant Professor, Chemistry, Metropolitan Campus
