

UPDATED COLLEGE TRAVEL POLICY

Domestic travel for business and/or educational purposes will be reinstated for the Spring 2022 semester. International travel is suspended until further notice.

In order to allow for domestic travel during this period, 50% of previously reduced FY22 travel budgets will automatically be restored to corresponding account(s).

Travel allowances and restrictions are subject to change based upon the status of the COVID-19 virus.

It is recommended that all employees and students **delay travel until fully vaccinated**. Please follow CDC recommendations based on your personal vaccination status, as summarized below.

Fully Vaccinated Individuals

During Travel

- [Wearing a mask over your nose and mouth is required](#) on planes, buses, trains and other forms of public transportation traveling into, within or out of the United States and while indoors at U.S. transportation hubs such as airports and stations. Travelers are not required to wear a mask in outdoor areas.
- Follow all state and local recommendations and requirements, including mask wearing and social distancing.
- In areas with [high numbers of COVID-19 cases](#), consider wearing a mask in crowded outdoor settings and during activities that require [close contact](#) with others who may not be fully vaccinated.

After Travel

- Self-monitor for COVID-19 symptoms; isolate and get tested if you develop symptoms.
- Follow all [state and local](#) recommendations or requirements.

Note: Though you do **not** need to get tested or self-quarantine if you are fully vaccinated or have recovered from COVID-19 in the past 3 months, you should still follow all other travel recommendations.

Individuals Who Are Not Fully Vaccinated

If you are required to travel but are **not** fully vaccinated:

Before Travel

- Get a [viral test](#) 1-3 days prior to your trip.

During Travel

- Avoid crowds and stay at least 6 feet/2 meters (about two arm lengths) from anyone who is not traveling with you.
- Wash your hands often or use hand sanitizer with at least 60% alcohol.

After Travel

- Get a [viral test](#) 3-5 days after your trip **and** self-quarantine for 7 days.

- Even if you test negative, you must still self-quarantine for the full 7 days.
- If you test positive, [isolate yourself](#) to protect others from getting infected.
- If you don't get tested, you must self-quarantine for 10 days.
- Avoid being around people who are at [increased risk for severe illness](#) for 14 days, whether or not you get tested and regardless of the results.
- Self-monitor for COVID-19 symptoms; isolate and get tested if you develop symptoms.

Note: Do *not* travel if you were [exposed to COVID-19](#), [are sick and/or test positive for COVID-19](#) or are waiting on COVID-19 test results. Learn when it is [safe for you to travel](#). Don't travel with someone who is sick.

See [cdc.gov](https://www.cdc.gov) for detailed travel recommendations.
