

The Career Center offers a variety of FREE career development services in support of students, alumni, and community members. We welcome opportunities to help empower students in realizing and reaching their career goals.

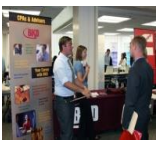

Career Exploration

MyPlan is a free assessment tool used to help individuals gain a better understanding of their interests, skills and abilities, and assists in matching them to career opportunities and academic programs that fit their skill set.

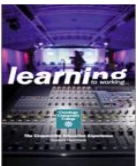

Workshops

Nearly a dozen workshops that target job search techniques, job preparation, and networking are facilitated by the Career Center staff. To view dates, times, locations and to register for workshops, visit College Central Network at www.collegecentral.com/tri-c.

On-Campus Recruiting

Each campus has a designated day during the week from 11am – 1pm to host employers for the purpose of recruiting students. This is a great opportunity for informal networking between students and employers to discuss job and internship opportunities.

Experiential Learning Program

An experiential learning opportunity is a structured educational strategy, integrating academic studies with real-world experiences. Our Co-op program allows students in certain majors to work in paid positions, and earn college credit for their experience.

College Central Network

<http://www.collegecentral.com/tri-c>

This web-based tool provides employers with the ability to post employment opportunities, and view resumes. Students, alumni and community members can also apply for these career opportunities, and learn more about these employers. In addition, they can register for Career Center workshops and events on this site.

CareerSpots

<http://www.tri-c.edu/careerservices>

CareerSpots is a virtual library of 52 short, high quality video clips that cover a wide range of topics related to the job search process. These videos provide expert advice and are convenient for those that need quick, last minute guidance, as they are available online 24-7-365!

Contact the Career Center to capitalize on a partnership and take advantage of all of our services!
