## A Message from the President

---

Welcome to Cuyahoga Community College, Ohio's oldest and largest community college. Since our founding in 1963, more than 700,000 students have chosen to be a part of the Tri-C legacy: the place *Where Futures Begin*<sup>™</sup>.

As a premier educational institution, Tri-C is at the forefront of teaching and learning and we are proud of the many fine faculty members we have as part of our family. This past year, two of our faculty received recognition as outstanding professors: Dr. Mark Lewine, Professor of Anthropology, was selected as the 2006 U.S. Outstanding Community College Professor of the Year, and Dr. Ormond Brathwaite, Professor of Biology and Chemistry, became the third Tri-C professor to be named Ohio Outstanding Professor of the Year. In addition to our outstanding faculty, all our administrators and staff are committed to your success. Our counselors are ready to assist you in developing your educational plan and in exploring career options.

The College offers more than 100 career and technical programs and the liberal arts. Our liberal arts courses are designed to provide you with the first two years of a baccalaureate degree, and our articulation agreements make your Tri-C credits easily transferable to four-year institutions where you can complete your degree.

Learning is enjoyable in Tri-C's attractive, well-maintained, state-of-the-art facilities. Each of our locations is equipped with the very latest computers, technology and Internet access. In addition, many of our courses can be completed partially or completely online.

Take the time to visit *Key Career Place* located at each of our campuses. The staff can assist you with internships, writing your resume and preparing you for job interviews so you are prepared to enter the workforce with your new knowledge and skills. If you are looking to start a business, *Key Entrepreneur Development Center* will help you build a strong, profitable business. Assistance is provided to budding entrepreneurs with new ideas and to established business owners at the Center.

Congratulations on your decision to be a part of the Tri-C legacy. After all, education is the single most significant factor in determining the quality of your life. We look forward to helping you map your career and launch you on your pathway to success.

Sincerely,

Jerry Sue Thornton, Ph.D.  
President
