General Application Procedures

Skilled Trades Apprenticeship Programs

The Skilled Trades Apprenticeship Programs are designed to prepare students to work in the construction industry. Each skilled trade has its own unique admissions requirements. An apprenticeship is a full time commitment

in which the apprentices work most of the time in the industry and attend classes on regular intervals to learn new skills.

	Program Application/ Information Form	High School Graduate or GED Equivalency	English Requirement	Mathematics Requirement	Other Courses/ Requirements	Notes/Other Information
Applied Industrial Technology - Bricklaying [Apprenticeship Program]	Contact (216) 361-1652	Not applicable	Not applicable	Not applicable	Not applicable	Intent-to-hire agreement with participating contractor
Applied Industrial Technology - Carpentry [Apprenticeship Program]	Contact (216) 391-2828	Not applicable	Not applicable	Not applicable	Not applicable	Intent-to-hire agreement with participating contractor

## General Application Procedures

### Business and Technology Programs

Certain programs at Cuyahoga Community College require students to meet proficiency requirements in order to progress to the next level of course work within the student's major area of study. In addition to the proficiency requirements, some may also require students to complete an application for that program.

Students are responsible for meeting the admission and/or proficiency requirements for a listed program major.

Prior to taking any course work, students should follow the regular procedures for admission to Cuyahoga Community College. These procedures can be found in the front part of the catalog under Admissions.

In addition to the admission procedures, all students must do the following:

1. If you have not taken an English or Math course at Tri-C or completed English and Math courses at another college or university, you must take the English and Math assessment tests to determine your placement in these subjects. The semester English and Math courses indicated on the chart are the minimum levels for eligibility.
2. If indicated on the chart, submit a completed application form to the program to which you wish to apply. Application forms may be obtained from the departmental office.

3. Complete all other requirements for your program as specified on the chart. Additional details about the program can be obtained from the program coordinator/manager or by appointment with a Tri-C counselor.

*If an application is required for your program, the application does not necessarily guarantee admission to that program.*

**NOTE:** On the accompanying chart, the letter following the program title indicates the home campus for that program. Only the home campus offers all the required courses in the major field. Most prerequisites and other specific degree requirements may be completed at any Tri-C campus.

\*Where the chart indicates "eligibility" for a particular course, eligibility may be demonstrated by any of the following:

- a. Completion of Tri-C's assessment with a score appropriate for placement into the specific course listed on the chart; OR
- b. Completion of the prerequisite for the course listed on the chart with a grade of "C" or higher (including equivalent courses transferred in from another college or university); OR
- c. Completion of the course listed on the chart with a grade of "C" or higher (including equivalent courses transferred in from another college or university).

✦Or prior completion of equivalent quarter course (where applicable). Contact Program Manager/Coordinator or campus division office regarding eligible quarter courses.

	Program Application/ Information Form	High School Graduate or GED Equivalency	English Requirement	Mathematics Requirement	Other Courses/ Requirements	Notes/Other Information
Accounting (E-M-W)	Not applicable	Not required, but highly recommended	Eligibility for ENG-1010	Eligibility for 1000-level Math course	Not applicable	Non-degree students may enroll for individual courses, providing they meet the course specific prerequisites.
Automotive Technology (W)	Contact the Automotive Technology department at (216) 987-5330	Not required, but highly recommended	Not applicable	Not applicable	<ul style="list-style-type: none"> <li>●Dealership sponsor required for ASEP program.</li> <li>●ASEP student handbooks contain educational and worksite requirements for continuation in program.</li> </ul>	<ul style="list-style-type: none"> <li>●ASEP students also need to complete AUTO-2940 and AUTO-2950.</li> <li>●Enrollment in individual courses for students who are not degree majors permitted.</li> </ul>

Business and Technology General Application Procedures

**General Application Procedures:**  
**Nursing (Associate of Applied Science Degree)**  
**Nursing (Accelerated Track)**  
**Nursing ACCESS in Nursing (LPN-RN Track)**  
**Practical Nurse Program (Certificate of Proficiency)**

Admission each year is limited to the number of openings in each program. Those students meeting all of the specific admission requirements (refer to accompanying chart) will be provided with an application and admitted in the order in which completed applications are received.

Those who wish to apply for any of these programs must complete the following general procedures; see the chart on Nursing, General Applications Procedures for additional application requirements.

1. Submit a completed Application for Admission to Cuyahoga Community College, unless you have previously applied. Prior Tri-C students who have not been enrolled for three years or longer must submit an Application for Admission/Readmission to Tri-C.
2. Contact the high school from which you graduated or the agency that issued your GED and have them send an official transcript(s) directly to your home campus Office of Admissions and Records at Tri-C.
3. Contact all colleges/universities you have attended and have them send an official transcript directly to the Office of Admissions and Records at Tri-C. To ensure time for processing, the official transcript(s) should be received by the Office of Admissions and Records at least *six to eight weeks prior to contacting the Nursing department*. Applicants who have attended institutions outside the U.S. must contact the Office of Admissions and Records for special procedures. It is strongly recommended that all students schedule an appointment with an academic counselor at their campus of record.
4. Complete all required courses and meet the grade point average (GPA) requirements as specified in the accompanying chart. If you have not taken an English or Math course at Tri-C or completed English and Math courses at another college or university, you must take the English and Math assessment tests to determine your placement in these subjects. The semester English and Math courses indicated on the chart are the minimum levels for eligibility.
5. In addition to academic requirements, successful completion of the Nurse Entrance Test (NET) is required in order to receive an application to the program, except for those applying for the Accelerated Track Nursing program.
6. Applicants may call the Division of Nursing Education at the Metropolitan Campus (216) 987-4067 to request a review by the Program Manager. Potential applicants will receive written notification regarding eligibility for the program.
7. A background check (finger printing and court search) must be completed no sooner than 16 weeks prior to the start of your program and no later than 8 weeks prior to the start of your program. Go to [www.tri-c.edu/programs/nursing](http://www.tri-c.edu/programs/nursing) for additional information.

*Any falsification of information provided in the application will automatically disqualify applicant for admission to a program.*

NOTE: On the accompanying chart, the letter following the program title shows the home campus for the program. Only the home campus offers all the required courses in the major field. Most prerequisites and other specific degree requirements may be completed at any Tri-C campus.

**Misdemeanors and Felonies:** The Ohio Board of Nursing frequently receives calls from prospective students, school officials and the Bureau of Vocational Rehabilitation Services regarding whether the Board will permit a person who has a prior record of misdemeanors and/or felonies to sit for the licensure examination or become licensed. *The Board of Nursing has no statutory authority to advise as to whether an individual will be permitted to take the licensure examination or be able to be licensed until the individual actually applies to the Board for licensure by examination (Ohio Board of Nursing [9/23/98]. Requirements for Section 5 of the Application for Licensure as a Nurse).*

**Felony Preclusion Bill:** The Felony Preclusion Bill, signed by the Governor in April 2002, is an initiative to identify applicants for licensure with felony convictions. The Ohio Board of Nursing has the authority in this law to refuse to grant licensure to applicants with any of the felony convictions specified in the law. The egregious felonies listed in the bill include: aggravated murder; murder; voluntary manslaughter; felonious assault; kidnapping; rape; sexual battery; gross sexual imposition; aggravated arson; aggravated robbery; and aggravated burglary. **The law requires a criminal records check for new applicants for licensure.**

**Required Criminal Background check (BCI):** All students enrolled in Health Career and Nursing programs requiring off campus clinical experiences are required to complete a background check that includes fingerprinting and a court search. Students returning to a Health Career program after one year of absence will need to complete another BCI. Students with a BCI record are not guaranteed acceptance into a clinical site, acceptance by their professional licensure/registration board, or employment in a health career field. *Due to the increased rise in patient identity theft, students with a convicted felony for forgery will not be accepted into a health career program.* Log onto <http://www.tri-c.edu/programs/healthcareers/pages/backgroundcheckinformation.aspx> for further information. Reports from the background checks will be sent to the Dean of Nursing. Please be assured that this information will be kept confidential.

\*Eligibility for a specific course may be demonstrated by any of the following:

- a. Completion of Tri-C's placement test with a score appropriate into the specific course listed on the chart; OR
- b. Completion of the prerequisite for the course listed on the chart with a grade of "C" or higher (including equivalent courses transferred in from another college or university); OR
- c. Completion of the course listed on the chart with a grade of "C" or higher (including equivalent courses transferred in from another college or university).

✧Or prior completion of equivalent quarter course (where applicable). Contact an Academic Counselor regarding eligible quarter courses.

\*\*MATH-1800-1819/1820 and 2800-2819/2820 will not meet this requirement. **Effective January 2008, students applying to the Nursing program must have completed MATH-1200. Students who apply to the Nursing program prior to January 2008 may use MATH-1141 to meet this requirement.**

Courses used as prerequisites or core courses for the Health Career and Nursing programs MUST have a traditional letter grade. The P/NP grading option for prerequisites and core courses will NOT be accepted by the Health Career and Nursing programs. Students are responsible for consulting with their program manager or counselor to determine Pass/No Pass grading options.

## Appendix I: General Application Procedures

### Nursing, General Application Procedures

	Nursing (M)	Nursing – Accelerated Track (M)
Application Submission Date	Applications may be submitted after meeting requirements listed below.	Core courses for the Accelerated Track must be completed by the end of the Fall Semester to be considered eligible for admission into the following Summer Session. Application may be submitted after meeting requirements listed below.
HS/GED Required	Required	Submit all official college transcripts verifying bachelor's degree to Office of Admissions and Records***.
English Core Requirement (also see GPA below)	Complete ENG-1010◊ with "C" or higher.	Complete ENG-1010◊ with "C" or higher
Mathematics Core Requirement** (also see GPA below)	Complete MATH-1200 ◊ or higher with "C" or higher**.	Complete MATH-1200 ◊ or higher with "C" or higher**.
Other Core Courses/ Requirements (also see GPA below)	Complete the following: ●BIO-1100◊ or CHEM-1010 and 1020◊ ●PSY-1010◊ ("C" grade or higher in each of the above.)	Complete the following: ● BIO-1100◊ or CHEM-1010◊ and 1020◊ ● BIO-2330◊ ● BIO-2340◊ ● BIO-2500◊ ● PSY-1010◊ ("C" grade or higher in each of the above.)
Time Limit on Core Courses (Prior to Application)	Science courses listed above cannot be more than seven years old at the time of the Nurse Entrance Test (NET), and from date of acceptance.	Science courses listed above cannot be more than seven years old from date of acceptance.
GPA	2.00 core courses 2.50 overall	2.00 core courses 2.50 overall
Work Experience/ Volunteer	Not required	Not required
Number Accepted/Year	Day class admitted Fall and Spring. Modified evening class admitted Fall only. Space available basis.	Accelerated Track admitted Summer, Day section only. Space available basis.
Notes/Other Information	<ul style="list-style-type: none"> <li>● Nurse Entrance Test (NET) required after successfully completing four core courses and an overall 2.50 GPA. ## Nursing, General Application Procedures

	Practical Nursing (Certificate of Proficiency) (M)
Application Submission Date	Applications may be submitted after meeting requirements listed below.
HS/GED Required	Required
English Core Requirement (also see GPA below)	Eligibility* for ENG-1010
Mathematics Core Requirement** (also see GPA below)	Eligibility* for MATH-1141
Other Core Courses/ Requirements (also see GPA below)	Not applicable
Time Limit on Core Courses (Prior to Application)	Seven years (see Notes below)
GPA	2.00 overall
Work Experience/ Volunteer	Not required
Number Accepted/Year	Day class admitted Fall only. Space available basis. Clinical experiences may be held during the day and/or evenings.
Notes/Other Information	<ul style="list-style-type: none"> <li>●When eligible, take Nurse Entrance Test (NET); achieve a grade of 50% or higher in Essential Math Skills and 50% or higher in Reading Comprehension.</li> <li>●BIO-1100 [CHEM-1010 <u>and</u> CHEM-1020 replace BIO-1100 ✧ for students planning to transfer credits] and BIO-2330 (or 1430) ✧ not required for admission but cannot be more than seven years old from date of acceptance. Only one science course may be repeated <u>once</u> to improve a grade of less than "C".</li> <li>●Once Practical Nursing courses have begun, all other classes must be taken in program sequence.</li> <li>●A grade of "C" or higher required for ENG-1010, MATH-1141, BIO-1100, BIO-2330, PSY-1010 and PSY-2020.</li> <li>●ACCESS in Nursing available for graduates of this Certificate program.</li> <li>●Criminal background check required (see page 361)</li> </ul>

### General Application Procedures: Health Careers

Courses in health career programs are offered in a sequence which begins in the Fall semester (unless indicated otherwise in the accompanying chart of application procedures).

Admission each year is limited to the number of openings in each program. Those students applying and meeting all of the specific admission requirements will be admitted in the order in which completed applications are received.

Those who wish to apply for any of these programs must complete the following general procedures; see the chart for additional application requirements.

1. Submit a completed Application for Admission to Cuyahoga Community College, unless you have previously applied. Prior Tri-C students who have not been enrolled for three years or longer must submit an application for Admission/Readmission to Tri-C.
2. Contact the high school from which you graduated or the agency that issued your GED and have them send an official transcript directly to your home campus Office of Admissions and Records at Tri-C.
3. Contact all colleges/universities you have attended and have them send an official transcript(s) directly to the Office of Admissions and Records at Tri-C. To ensure time for processing, the transcript should be received at Tri-C at least *six to eight weeks prior to the time you expect to apply* to the health career program. Applicants who have attended institutions outside the U.S. must contact the Office of Admissions and Records for special procedures.
4. Complete all required courses and meet the grade point average (GPA) requirements as specified in the accompanying chart. If you have not taken an English or Math course at Tri-C or completed English and Math courses at another college or university, you must take the English and Math assessment tests to determine your placement in these subjects. The semester English and Math courses indicated on the chart are the minimum levels for eligibility. In addition to academic requirements, programs may also require certain kinds of experience or other criteria; refer to the chart for additional information.
5. Submit the program's application form to the appropriate office as indicated. Please note that additional documents may be required to accompany your application form (such as additional copies of high school and college/university transcripts, even if already on file in the Office of Admissions and Records). You will receive directions concerning additional documents when you obtain the program's application form.

*Any falsification of information provided in the application will automatically disqualify applicant for admission to a program.*

Courses used as prerequisites or core courses for the Health Career and Nursing programs MUST be have a traditional letter grade. The Pass/No Pass (P/NP) grading option for prerequisites and core courses will NOT be accepted by the Health Career and Nursing programs. Students are responsible for consulting with their program manager or counselor to determine P/NP grading options.

**♥Required Criminal Background check (BCI):** All students enrolled in Health Career and Nursing programs requiring off campus clinical experiences are required to complete a background check that includes fingerprinting and a court search. Students returning to a Health Career program after one year of absence will need to complete another BCI. Students with a BCI record are not guaranteed acceptance into a clinical site, acceptance by their professional licensure/registration board, or employment in a health career field. *Due to the increased rise in patient identity theft, students with a convicted felony for forgery will not be accepted into a health career program.* Log onto <http://www.tri-c.edu/programs/healthcareers/pages/backgroundcheckinformation.aspx> for further information. Reports from the background checks will be sent to the Associate Dean of Health Careers. Please be assured that this information will be kept confidential.

NOTE: On the accompanying chart, the letter following the program title shows the home campus for the program. Only the home campus offers all the required courses in the major field. Most prerequisites and other specific degree requirements may be completed at any Tri-C campus.

- \*Where the chart indicates "eligibility" for a particular course, eligibility may be demonstrated by any of the following:
- a. Completion of Tri-C's assessment with a score appropriate for placement into the specific course listed on the chart; OR
  - b. Completion of the prerequisite for the course listed on the chart with a grade of "C" or higher (including equivalent courses transferred from another college or university); OR
  - c. Completion of the course listed on the chart with a grade of "C" or higher (including equivalent courses transferred in from another college or university).

↔Or prior completion of equivalent quarter course (where applicable). Contact Program Manager/Coordinator or campus division office regarding eligible quarter courses.

\*\*MATH-1800/1820 and 2800/2820 will not meet this requirement. MATH-1140 does not meet the admission requirement for this program. STUDENTS MUST COMPLETE A MINIMUM OF # SEMESTER CREDITS IN MATH-1141 APPLIED ALGEBRA AND MATHEMATICAL REASONING OR HIGHER.

### Health Careers General Application Procedures

	Optical Technology (M)	Optical Technology (Certificate of Proficiency) (M)	Pharmacy Technology (E)	Pharmacy Technician (Certificate of Proficiency) (E)	Physical Therapist Assisting Technology (M)
Application Submission Date	Applications may be submitted after meeting requirements listed below.	Applications may be submitted after meeting requirements listed below.	Applications may be submitted after meeting requirements listed below.	Applications may be submitted after meeting requirements listed below.	Applications may be submitted after meeting requirements listed below.
HS/GED Required	Yes	Yes	Yes	Yes	Yes
English Core Requirement (also see GPA below)	Eligibility* for ENG-1010 ⇨ with "C" or higher.	Not applicable	Complete ENG-1010 ⇨ with "C" or higher.	Complete ENG-1010 ⇨ with "C" or higher or have earned credit in a higher level English course (minimum grade of C).	Complete ENG-1010 ⇨ with "C" or higher.
Mathematics Core Requirement** (also see GPA below)	Eligibility* for MATH-1060 ⇨ or higher with "C" or higher**.	Not applicable	Eligibility for MATH-1141 (or completion of MATH-0960 or MATH-0980 with a "C" or higher.)	Eligibility* for 1141 ⇨ (or completion of MATH-0960 or MATH-0980 with a "C" or higher.)	Eligibility* for MATH-1200
Other Core Courses/ Requirements (also see GPA below)	Not applicable	Not applicable	Complete BIO-1100 ⇨ with "C" or higher. May substitute CHEM-1010 and CHEM-1020.	Complete BIO-1100 ⇨ with "C" or higher. May substitute CHEM-1010 and CHEM-1020.	Complete the following: ●BIO-2330 (or 1430) ⇨ ●MA-1020 ⇨ ("C" grade or higher in each of the above.)
Time Limit on Core Courses (Prior to Application)	Not applicable	Not applicable	Seven years (see Notes below)	Seven years (see Notes below)	Ten years (see Notes below)
GPA	2.00 overall	Not applicable	2.00 core courses 2.00 overall	2.00 core courses 2.00 overall	3.00 core courses 2.70 overall
Work Experience/ Volunteer	Not required	Not required	Not required	Not required	●40 hours volunteer work in Physical Therapy department under supervision of licensed physical therapist or physical therapist assistant. Volunteer hours must be documented.
Number Accepted/Year	14/yr	25/yr	Varies	Varies	24/yr
Notes/Other Information	●Certificate available ●Criminal background check required (see page 364)		●Science and math courses must have been completed within the past seven years at the time of admission to the program, and may be repeated only once to improve a grade. ●Interview with program manager encouraged. ●Criminal background check required (see page 364).	●Science and math courses must have been completed within the past seven years at the time of admission to the program, and may be repeated only once to improve a grade. ●Interview with program manager encouraged. ●Criminal background check required (see page 364).	●All science and math courses must have been completed within the past 10 years. ●Core courses may only be repeated once to improve a grade. ●BIO-2330 requires prerequisite course BIO-1100, which is required for the AAS degree in Physical Therapy Assisting. ●Criminal background check required (see page 364).

## Health Careers General Application Procedures

	Physician Assistant (Post-Degree Certificate)  (W)	Polysomnography (Sleep Disorders) (Certificate of Proficiency)  (W)
Application Submission Date	Application is available online through the Central Application Service for Physician Assistants (CASPA): <a href="https://portal.caspaonline.org">https://portal.caspaonline.org</a>	Applications may be submitted after meeting all requirements listed below.
HS/GED Required	Submit all college transcripts verifying a bachelor's degree	Yes
English Core Requirement (also see GPA below)	Complete ENG-1010✧ (or equivalent transfer course)	Not applicable
Mathematics Core Requirement** (also see GPA below)	Complete MATH-1410 and MATH-1420 ✧ (or equivalent transfer course)**	Not applicable
Other Core Courses/ Requirements (also see GPA below)	Complete the following: <ul style="list-style-type: none"> <li>● Graduate Record Exam (GRE) - see note below</li> <li>● BIO-1500✧ (or equivalent transfer course with lab)</li> <li>● BIO-1510✧ (or equivalent transfer course with lab)</li> <li>● BIO-2330 (or 1430)✧ and (or equivalent transfer course with lab)</li> <li>● BIO-2340 (or 1440)✧ (or equivalent transfer course with lab)</li> <li>● BIO-2500✧ (or equivalent transfer course with lab)</li> <li>● CHEM-2300✧ (or equivalent transfer course with lab)</li> <li>● PSY-1010✧ (or equivalent transfer course with lab)</li> <li>● ENG-1020✧ (or equivalent transfer course with lab)</li> <li>● MA-1020✧ (or equivalent transfer course with lab or student may show proficiency by passing -75% or greater- an exam given by program during interview session)</li> </ul>	Complete the following: <ul style="list-style-type: none"> <li>● BIO-1100✧ <u>or</u> CHEM-1010 and 1020✧</li> <li>● BIO-2330 (or BIO-1430)✧</li> </ul> ("C" or higher in each of the above.)
Time Limit on Core Courses (Prior to Application)	Ten years (except for English) (see Notes below)	Not applicable
GPA	3.00 overall Completion of all prerequisite coursework with "C" or better	2.00 core courses 2.00 overall
Work Experience/ Volunteer	<ul style="list-style-type: none"> <li>● A minimum of 2080 hours (one year) of patient care is required. This is "hands-on" patient contact experience that may include volunteer work.</li> <li>● Verification of completion of 40 hours of observation during which the candidate will "shadow" an NCCPA certified Physician Assistant in their work environment.</li> </ul> Shadowing experience arranged by applicant.	Two observation visits required (see details in application packet)
Number Accepted/Year	50/yr	15/yr
Notes/Other Information	<ul style="list-style-type: none"> <li>● Completion of an application to Cuyahoga Community College and completion of a graduate application to be submitted to Cleveland State University upon notification of program acceptance.</li> <li>● GRE - Official scores are required from the GRE and should be submitted directly to Cleveland State University. See website for details (<a href="http://www.tri-c.edu/programs/physicianassistant/pages/programapplication.aspx">www.tri-c.edu/programs/physicianassistant/pages/programapplication.aspx</a>)</li> <li>● Science and math courses must have been completed within the past ten years of application submission.</li> <li>● Completion of a physical examination and immunizations prior to matriculation. A form will be provided with the letter of acceptance into the PA program.</li> <li>● All students are required to maintain adequate health insurance throughout the program. Information regarding health insurance will be required upon program acceptance.</li> <li>● Foreign graduates: Minimum score of 600 on TOEFL required. See website for details.</li> <li>● Criminal background check required (see page 364).</li> </ul>	<ul style="list-style-type: none"> <li>● Core courses may be repeated only once to improve a grade below "C".</li> <li>● Accepted applicants must attend a group information session prior to Summer session.</li> <li>● Contact Program Manager, at (216) 987-5267 for information or application packet.</li> <li>● Criminal background check required (see page 364).</li> </ul>

	Radiography  (W)	Respiratory Care  (W)	Sport and Exercise Studies	Sterile Processing and Distribution Technology (Certificate of Proficiency) (M)
Application Submission Date	Applications may be submitted after meeting all requirements listed below.	Applications may be submitted after meeting all requirements listed below.	Complete an application form with Health Careers	Applications may be submitted while meeting requirements listed below.
HS/GED Required	Yes	Yes	Yes	Yes
English Core Requirement (also see GPA below)	Complete ENG-1010◊ with "C" or higher.	Complete ENG-1010◊ with "C" or higher.	Eligibility for ENG-1010	ENG-1010
Mathematics Core Requirement** (also see GPA below)	Complete MATH-1141 (or 1140)◊ or higher with "C" or higher**.	Complete MATH-1141◊ or higher with "C" or higher**.	Eligibility for MATH-1060 or higher	Complete MATH-0950 with "C" or higher**.
Other Core Courses/ Requirements (also see GPA below)	Complete the following: ●BIO-1221 ●MA-1020◊ ●PSY-1010◊ ("C" grade or higher in each of the above.)	Complete the following: ●BIO-1100◊ or CHEM-1010 and 1020◊ ●BIO-2330 (or BIO-1430)◊ ("C" grade or higher in each of the above.)		Complete MA-1020◊ with "C" or higher.
Time Limit on Core Courses (Prior to Application)	Not applicable	Not applicable		Seven years (see Notes below)
GPA	2.50 core courses 2.00 overall	2.50 core courses 2.50 overall		2.00 core courses 2.00 overall
Work Experience/ Volunteer	Not required	Observation visit required (see details in application packet)		Not required
Number Accepted/Year	40-50/yr	25/yr		16/yr
Notes/Other Information	<ul style="list-style-type: none"> <li>●Core courses may be repeated only once to improve a grade below "C".</li> <li>●Verify current Basic Life Support course for Health Care Providers (Course C) according to Amer. Heart Assn. standards or equivalent prior to receiving clinical assignment – submit photocopy of both sides of CPR card.</li> <li>●Submit evidence of good health and appropriate immunizations prior to first clinical assignment. Students will be dropped from program if significant limiting health conditions are present to prevent student from performing normal functions of a radiography student and/or constitute a hazard to health or safety of patients.</li> <li>●Criminal background check required (see page 364).</li> </ul>	<ul style="list-style-type: none"> <li>●Core courses may be repeated only once to improve a grade below "C".</li> <li>●Accepted applicants must attend a group information session prior to Fall Semester.</li> <li>●Criminal background check required (see page 364).</li> </ul>	<ul style="list-style-type: none"> <li>●Pass/No Pass Grade Options is not applicable for SES program coursework.</li> <li>●Criminal Background check may be required (see page 364).</li> </ul>	<ul style="list-style-type: none"> <li>●All Core Courses (except ENG-1010) must have been completed within seven years of admission to program, and may only be repeated once to improve a grade.</li> <li>●Criminal background check required (see page 364).</li> </ul>

## Health Careers General Application Procedures

	Surgical Technology (M)	Veterinary Technology (W)
Application Submission Date	Applications may be submitted after meeting all requirements listed below.	Applications may be submitted after meeting all requirements listed below.
HS/GED Required	Yes	Yes
English Core Requirement (also see GPA below)	Complete ENG-1010 with "C" or higher.	Complete ENG-1010 or higher with a "C" or higher.
Mathematics Core Requirement** (also see GPA below)	Eligibility for MATH-1141	Complete MATH-1141 ◇ or higher with "C" or higher.**
Other Core Courses/ Requirements (also see GPA below)	Complete the following: ●MA-1020◇ ●BIO-1100◇ or CHEM-1010 and 1020 ●BIO-2330 (or 1430)◇ ●SURT-1000 ("C" grade or higher in each of the above.)	Complete BIO-1100◇ with "C" or higher.
Time Limit on Core Courses (Prior to Application)	Seven years (see Notes below)	Not applicable
GPA	2.00 core courses 2.00 overall	2.50 core courses 2.00 overall (in program required courses)
Work Experience/ Volunteer	Not required	Written verification of 10 hours of recent (within one year of application) observation/shadowing or employment in a veterinary facility".
Number Accepted/Year	14/yr Contingent upon available clinical sites	25/yr
Notes/Other Information	<ul style="list-style-type: none"> <li>●All Core Courses (except ENG-1010) must have been completed within the past seven years, and may only be repeated once to improve a grade.</li> <li>●Upon acceptance to the program and prior to a clinical assignment, students must submit evidence of good health, personal healthcare insurance coverage, and certification in CPR.</li> <li>●Accepted candidates will be required to attend a student orientation session after acceptance into the program.</li> <li>●Criminal background check required.</li> </ul>	<ul style="list-style-type: none"> <li>●Core courses may be repeated only once to improve a grade below "C".</li> <li>●Upon acceptance to the program and prior to matriculation, the applicant will be required to fulfill the health requirements of the veterinary technology program.</li> <li>●Accepted candidates will be required to attend a group information session (information indicated in acceptance letter).</li> <li>●Criminal background check may be required.</li> </ul>

\*Where the chart indicates "eligibility" for a particular course, eligibility may be demonstrated by any of the following:

- a. Completion of Tri-C's assessment with a score appropriate for placement into the specific course listed on the chart; OR
- b. Completion of the prerequisite for the course listed on the chart with a grade of "C" or higher (including equivalent courses transferred in from another college or university); OR
- c. Completion of the course listed on the chart with a grade of "C" or higher (including equivalent courses transferred in from another college or university).

◇Or prior completion of equivalent quarter course (where applicable). Contact Program Manager/Coordinator or campus division office regarding eligible quarter courses.

\*\*MATH-1800/1820 and 2800/2820 will not meet this requirement. MATH-1140 Applied Algebra does not meet the admission requirements for this program. STUDENTS MUST COMPLETE A MINIMUM OF 3 SEMESTER CREDITS IN MATH-1141, APPLIED ALGEBRA AND MATHEMATICAL REASONING, OR HIGHER.
