APPENDIX I  
Transfer Module

The Ohio Board of Regents Transfer and Articulation Policy established a transfer module for Ohio’s public colleges and universities. The Transfer Module represents a subset or the entire set of a college or university’s general education requirements for an Associate of Arts (AA), Associate of Science (AS) and Baccalaureate degrees at many institutions. Transfer students with an earned AA or AS degree which contains an identifiable Transfer Module will have met the Transfer Module requirements of the receiving institution. A Transfer Module requires a student to complete 36-40 semester credit hours in the following subject areas: English Composition, Mathematics, Arts and Humanities, Social and Behavioral Sciences, and Natural and Physical Sciences. Courses to meet the required number of credit hours should be selected from the list below of approved transfer module courses. More information and the complete transfer module policy can be found at:  
[http://regents.ohio.gov/transfer/policy/transfer\\_policy\\_d2aa.php](http://regents.ohio.gov/transfer/policy/transfer_policy_d2aa.php)

Note: Students should meet with a counselor to assure that courses selected are most appropriate for the major and the transfer college or university selected, and that the courses are consistent with the minimum graduation requirements of Cuyahoga Community College.

**Ohio Articulation Number (OAN)**

Ohio Articulation Numbers are identifiers used to represent a specific set of learning outcomes for a Transfer Module or Transfer Assurance Guide (TAG) course. The OAN is used to identify the equivalency of courses between two institutions. Courses with OAN approval have been reviewed by statewide faculty committees. Students are assured of their equivalency at any Ohio higher education public institution that has OAN approval during the same time period.

Courses within the Transfer Module may also be part of an approved Transfer Assurance Guide (TAG). OAN are listed below for courses that are also part of an approved TAG. A complete list of approved courses for all public institutions can be found at:

## APPENDIX II Transfer Assurance Guides

### Ohio Transfer Initiatives

The State of Ohio through the leadership of the Ohio Board of Regents has established a coherent statewide policy intended to facilitate a student's ability to complete their highest level of educational goal achievement seamlessly within Ohio's postsecondary educational system. To that end, the Ohio Articulation and Transfer policy:

<http://www.regents.ohio.gov/transfer/policy/index.php>

was developed to facilitate the transfer of students and credits from any state-assisted college or university to another. It encourages faculty recognition of comparable and compatible learning experiences and expectations across institutions. It also encourages students to complete "units" of educational experience as they progress [e.g. transfer assurance guides, transfer modules, associate and baccalaureate degrees].

### Transfer Assurance Guides

Statewide Transfer Assurance Guides (TAGs) are composed of General Education Courses (Transfer Module courses) and specified courses required for the academic major. A TAG as an advising tool can assist Ohio college and college-bound students planning specific majors to make course selections that will ensure comparable, compatible, and equivalent learning experiences across the state's higher-education system. TAGs apply across, at least, all public higher education institutions in Ohio and embody commonly accepted pathways to majors within the bachelor's degree. TAG

approved courses are assigned an Ohio Articulated Number (OAN) and are accepted and applied to the major at all Ohio public colleges and universities. Major specific TAG pathways in the arts, humanities, business, communication, education, health, mathematics, science, engineering, engineering technologies, and the social sciences have been developed by faculty teams.

Additional information on specific Transfer Assurance Guides can be found on the Ohio Board of Regents website: <http://www.ohiohighered.org/transfer/tag>

TAGs enable students to make informed course selection decisions and plans for their future transfer. Advisors at the institution to which a student wishes to transfer should also be consulted during the transfer process. Because of specific major requirements, early identification of the intended major is encouraged.

### Ohio Articulation Number (OAN)

Pre-major courses that represent the commonly accepted pathway to majors within the bachelor's degree (TAGs) have been reviewed by statewide faculty committees. Courses or course sequences meeting established Learning Outcome standards are assigned a discipline specific Ohio Articulation Number (OAN). When consensus is established and a course is noted with both the colleges or universities departmental designation and the assigned OAN, students are assured not only of the equivalency of the courses, but of their application to the degree objective. A complete listing of Cuyahoga Community Colleges OAN approved courses can be found at: <https://transfercredit.ohio.gov/ap/20>

## APPENDIX III Career Technical Assurance Guides

### Career Technical Credit Transfer

Career Technical Credit Transfer (CT<sup>2</sup>) is a collaborative effort among the Ohio Board of Regents, the Ohio Department of Education’s Office of Career-Technical & Adult Education, public secondary/adult career-technical education institutions and state supported institution of higher education. The career technical credit transfer initiative further expands the state of Ohio’s articulation and transfer efforts. It ensures that students at an adult career-technical institution or secondary career-technical education institution can transfer successfully completed technical courses that adhere to recognized industry standards to any state institution of higher education without unnecessary duplication or institutional barriers. It enables students to attain their highest educational aspirations in the most efficient and effective manner as a result of clear and consistent standards. Additional information can be found on the Ohio Board of Regents website: <http://ohiohighered.org/transfer/ct2>

### Career Technical Assurance Guides

Career Technical Assurance Guides (CTAG) serve as advising tools, identifying the course or program which is part of the statewide guarantee. CTAG also describe additional conditions or obligations (e.g. program accreditation or industry credential) associated with the guarantee. The ultimate goal of Career Technical Credit Transfer is to receive technical course credit at a public institution of higher education.

### Career-Technical Articulation Number (CTAN)

A CTAN consists of learning outcomes representing knowledge and skills in a technical area needed to transition from career-technical education to public institutions of higher education. Learning outcomes are based on recognized industry standards established by faculty panels. Each CTAN in the technical area is assigned an identifying number. A complete listing of Cuyahoga Community College’s approved courses can be found at:

## Appendix IV: Military Transfer Assurance Guides

### APPENDIX IV

### Military Transfer Assurance Guides

#### Military Training/Experience Credit Transfer

The University System of Ohio is committed to the acceptance and awarding of college credit for training and experience in the United States Armed Forces or National Guard. The Ohio Board of Regents' Articulation and Transfer Network has begun the process of developing Military Transfer Assurance Guides (MTAGs) to streamline and systemize the awarding of credit for military training, experience, and coursework. Military training and experience must be evaluated and approved by the American Council on Education (ACE) or a regional accrediting body, such as the Higher Learning Commission, to be included in Ohio's statewide transfer guarantee for military training/experience.

[https://www.ohiohighered.org/valuing\\_ohio\\_veterans/toolkit/awarding-credit/transfer-guarantees](https://www.ohiohighered.org/valuing_ohio_veterans/toolkit/awarding-credit/transfer-guarantees)

#### Military Transfer Assurance Guides

The MTAGs serve as advising tools, identifying the course(s) or programs that are part of the statewide guarantee. MTAGs includes the military course number, title, and version/rating as appropriate to the various levels of training and experience offered within the military, as well as the ACE approved course number. Each MTAG is assigned a corresponding Ohio Articulation Number (OAN) from the standard Transfer Assurance Guide tables, that indicates the courses and credit hours students will be awarded for the completed military experience/training.

<https://transfercredit.ohio.gov/ap/35?12230603297588>

#### Ohio Articulation Number (OAN)

Ohio Articulation Numbers are identifiers used to represent a specific set of learning outcomes for a Transfer Module or Transfer Assurance Guide course. The OAN is used to identify equivalency between institutions. Courses with an OAN approval have been reviewed by statewide faculty committees. Students are assured of their equivalency at any Ohio higher education public institution that has OAN approval during the same time period.

### Semester Course Numbering

#### Description

Developmental Courses	0800 to 0990	
	<u>Freshman-Level No.</u>	<u>Sophomore-Level No.</u>
Introductory/Non-Majors/ Basic Courses	1000 to 1290	---
Majors/Technical Courses	1300 to 1790	2000 to 2790
Special Topics Courses*	1800 to 1819	2800 to 2819
Honors Special Topics	180H	280H

Independent Study/Research Courses (3 hour Lab)	182T	282T
Cooperative Education Courses	---	2830
Practicum	1840 to 1870	2840 to 2870
Clinicals (Nursing and Practical Nursing only)	1880 to 1900	2880 to 2900
Directed Practice	1910 to 1930 (Radiography uses additional course numbers)	2910 to 2930
Field Experience	1940 to 1960	2940 to 2960
Seminar	1970 to 1980	2970 to 2980
Capstone Course	---	2990

Note: Modular courses are identified by use of the letters "A through E" instead of fourth digit such as "0". Some laboratory courses are identified by the letter "L" instead of fourth digit such as "0". Independent Study/Research labs are identified by letters "S" and "T" instead of the fourth digit "0". Honors courses that may replace a current course use the letter "H" in the fourth position (such as ENG-101H for ENG-1010).

\*Prior to Summer 2006, Special Topics courses were numbered as follows: 1800/2800 (lecture); 181S/281S (2 hour lab); 181T/281T (3 hour lab); and 181P/281P (practicum).

## APPENDIX VI Equivalent Courses

The Equivalency Course Chart lists current semester courses that have equivalencies and semester courses that have been officially deleted and therefore are unavailable to students. Each current/deleted course is paired with a course replacement. The course replacement is identical in content and has been renumbered to meet new degree requirements, or is very similar in content and instructional function and has been declared equivalent by content experts in the specific discipline. Active equivalent semester courses have sufficient content similar in nature and instructional function and have been declared equivalent. These course equivalents will be used consistently College-wide.

The concept of repeated courses, point of graduation, and point of course completion are important elements of equivalent courses. These elements are explained below.

**Repeated Course: if identified as equivalent, renumbered course may be treated as repeats.**

The Equivalent Course Chart identifies a new course as equivalent to a current or deleted course. These new courses carry a different course number and may also carry a different subject code. These identified equivalent renumbered courses will be treated as repeats under the College's repeated course rules, i.e., credit is earned for only one completion and the single highest grade is computed into the student's grade point average.

**Repeated Modularized Courses: all modularized courses together are equivalent to their source course and may be treated as repeats.**

Source courses that have been modularized are indicated in the Course Descriptions of the College Catalog and may be identified by use of letters "A" through "E" in the

fourth position of the course number. Modular courses, when all are completed, are equivalent to the source course. To meet degree requirements, completion of either the source course or all its modules is required. When a source course is used to meet degree requirements, none of the modular courses may be used; and when modular courses are used to meet degree requirements, the source course may not be used.

Since modular courses are equivalent to their source course, modular courses will be treated as repeats under the College repeated course rules provided that the earned grade in each of the modular courses is higher than the grade earned in the source course. A source course may be treated as a repeat of all the modules.

**Point of Graduation: if a course is a 2000-level course at the time the student graduates, the credits may apply to the 2000-level degree requirement.**

A course may be renumbered from a 1000-level course number to a 2000-level course number. The degree requirements for the Associate of Arts, Associate of Science, Associate of Applied Business and Associate of Applied Science, effective Fall 2012, require 12 semester credits at the 2000-level. Students who took a 1000-level course that has since been renumbered to a 2000-level course may use that 2000-level course to meet the 2000-level requirement.

**Point of Course Completion: if a course was taken when it carried a 2000-level course number, the semester credits may be applied to the 2000-level degree requirement.**

A course may be renumbered from a 2000-level course number to a 1000-level course number. The student may apply the course to the 12 semester credits at the 2000-level requirement if the course carried a 2000-level course number at the time the student took the course

CROSS-LISTED COURSES

Cross-listed courses are identical courses offered in two or more subject areas. They may differ in subject area code and course number. Credit may be earned once for cross-listed courses. If a course is cross-listed with another course that fills a general education or program requirement, either course meets the requirement.
