Mission

To provide high quality, accessible and affordable educational opportunities and services — including university transfer, technical and lifelong learning programs — that promote individual development and improve the overall quality of life in a multicultural community.

Vision

Cuyahoga Community College will be recognized as an exemplary teaching and learning community that fosters service and student success. The College will be a valued resource and leader in academic quality, cultural enrichment, and economic development characterized by continuous improvement, innovation, and community responsiveness.

Values

To successfully fulfill the mission and vision, Cuyahoga Community College is consciously committed to diversity, integrity, academic excellence, and achievement of individual and institutional goals. We are dedicated to building trust, respect, and confidence among our colleagues, students, and the community.
Welcome to Cuyahoga Community College (Tri-C®). Tri-C is an innovative and inclusive learning community dedicated to your success and completion. We are delighted that you have selected our College as the place to continue your education and career development. Our faculty, staff, and administrators are proud to offer “one door with many options” to assist you in reaching your educational goals.

A Tri-C education is both powerful and valuable. Offering more than 1,000 courses and 190 degree and certificate programs, our College is preparing students to thrive in the new global economy. We offer programs in most career fields, including health care, green technology, culinary arts, engineering, bioscience, business, public service, liberal arts, transportation, music, manufacturing, and media production— to name just a few. Transfer and dual enrollment agreements offer seamless transition to a variety of universities upon completion of your degree, while short-term certificates and technical training provide the education necessary to compete for cutting-edge jobs.

Tri-C is redesigning the student experience and working to meet you where you are. With the adoption of an intentional case management approach to student success, we provide students with clearer pathways to degree and certificate completion. You will appreciate the flexibility, choice, and convenience of courses that fit your schedule. Select from offerings online, in the classroom, or a combination of both. Classes are held in locations throughout the community, close to home or work, with day, evening, and weekend options.

Our four attractive campuses offer outstanding amenities, including wireless Internet, wellness facilities, libraries, and study areas. Services such as academic advising, online or e-advising, tutoring, career counseling, and mentoring are available to help you plan your academic journey and succeed in achieving your goals. Our vibrant Office of Student Life invites you to get involved in student government, collegiate athletics, volunteer activities, and a wide array of clubs and organizations.

This is not, after all, just our College—it is yours. We invite you to take full advantage of the many opportunities to make it your own and aid in your success. As you move forward on your educational journey, I trust you will find that Tri-C is where futures begin.

Sincerely,

Alex Johnson
President

Cuyahoga Community College

Education at Cuyahoga Community College (Tri-C®) is a life-changing experience. More than 900,000 present and former students have been touched by the Tri-C experience. Tri-C has enriched the lives and helped build solid futures for all who have attended, from the hopeful students who stood in line at the Brownell School building in 1963 to register for Tri-C’s first classes to today’s students who register through the Internet. The far-reaching effects of education at Tri-C have touched not only the individual students but their families, as well as the entire community.

The faculty, staff, and administration at Tri-C are dedicated to providing innovative and flexible services to students and the broader community as a whole. This commitment is expressed by developing a curriculum and delivering an academic experience that will produce students who are competitive within the job market, well-educated and informed. Whether these students are on the threshold of an exciting career, returning for new skills training or simply taking courses in a field of interest, the academic experience at Tri-C meets their specialized needs.

College Climate and Commitment to Diversity and Affirmative Action

The College embraces human diversity and is committed to affirmative action and equal opportunity. The College is committed to eliminating discrimination and harassment in the workplace and academic environment. These commitments are moral imperatives consistent with an intellectual community that celebrates individual differences, diversity and meaningful individual freedom to pursue professional and educational goals. Any employee, student, or other person who wishes to report discrimination or harassment should contact the College’s Office of Human Resources at: Cuyahoga Community College, 2500 East 22nd Street, Cleveland, OH 44115, 216-987-4836. In addition, the College’s Title IX (related to sex discrimination) and Section 504 and Title II of the Americans with Disabilities Act (related to disability discrimination) Coordinator is the Director of Diversity & Inclusion. The Coordinator can be reached at: Cuyahoga Community College, 2500 East 22nd Street, Cleveland, OH 44115, 216-987-0204.

History of Cuyahoga Community College, the Campuses and Corporate College®

On September 23, 1963, the largest first day enrollment for a community college in the nation’s history took place at Tri-C’s first home, the 19th century Brownell School building in downtown Cleveland, which was leased from the Cleveland Board of Education. The initial enrollment was just over 3,000 students. Today, Tri-C serves more than 60,000 credit and non-credit students each year.

Now one of the largest colleges in Ohio and the largest in Greater Cleveland, Tri-Chas expanded to four modern campuses in downtown Cleveland, Parma, Highland Hills, and Westlake, as well as two Corporate College® sites in Westlake and Warrensville Heights. Other facilities include the District Administrative Services in Cleveland and the Unified Technologies Center adjacent to the Metropolitan Campus. Tri-C opened its beautiful and spacious 50,000-square-foot Advanced Technology Training Center (ATTC) in October 2012. The ATTC features high-bay labs, multipurpose training areas, and an energy-efficient environment for learning and offers the latest state-of-the-art technology and curriculum. The ATTC provides students with education, hands-on training, and employment preparation skills for well-paying jobs and provides employers with a constant feeder system of job-ready candidates for the in-demand high-tech industry.

Eastern Campus

Founded in 1971, the Eastern Campus serves students who want to complete their first two years of college in a high quality educational environment, as well as those seeking a direct-to-job educational experience. The Eastern Campus offers Associate of Arts and Associate of Science degrees for those wishing to transfer to a four-year institution. The Campus has articulation agreements with more than 40 four-year schools, including on-site bachelor's degrees with Hiram College. Located off I-271 in Highland Hills, the Campus includes four buildings with state-of-the-art classrooms and laboratories. Students can find strong support systems such as Enrollment, Financial Aid, Counseling, Career Center, Student Success Center, Learning Commons (library and technology support), Tutoring, Writing Center, and the Alfred Lerner Veterans Center. The Eastern Campus is also home to the Jack, Joseph and Morton Mandel Humanities Center, which provides high performing students a collaborative, problem-based learning environment with a focus on leadership development and community engagement. Additionally, the campus features the 600-seat Simon and Rose Mandel Theatre, Gallery East art gallery, and Cafe’ 4250, a student-run restaurant (part of the College-wide Hospitality Management program). Students and community members can enjoy a healthy lifestyle with a gymnasium, indoor and outdoor tracks, natatorium, dance studio, fitness center, and massage therapy student clinic.

The heart of the Hospitality program is the Hospitality Management Center located across from Public Square in downtown Cleveland. This location, which is supported by faculty from the Metropolitan Campus, is in the center of the “culinary and hotel district,” within walking distance of nationally recognized chef-run restaurants and expanding lodging and entertainment businesses.
Metropolitan Campus
The Metropolitan Campus, which opened in 1969, is Tri-C’s first campus. Located near downtown Cleveland in the Campus District, the Campus is easily accessible from Interstates 71, 77, and 90. Classes are offered during the day, evenings, on weekends and through distance learning/e-learning.

The Metropolitan Campus houses outstanding science, engineering, and health careers laboratories. Students learn first-hand in laboratories similar to those in the work environment. Laboratories exist for nursing, information technology, manufacturing, and the recording arts industry. Additionally, the Campus opened the Transfer Connection Center in 2013 to help students navigate the process from degree completion at Tri-C to a successful transfer to a four-year college or university.

The Tommy LiPuma Center for Creative Arts presents the best in local, regional, and international artists in the areas of music, dance, theater, and performance art. Students can mix music, record and stage musicians as part of the Recording Arts and Technology Program. The Visual Communication and Design Program offers students degrees and certificates in graphic design, illustration, web and interactive media, photography, digital video and digital filmmaking, 3D Design, and 3D Animation.

Students with an interest in Engineering Technology can choose from nine degree programs in the industry that are nationally recognized by the American Society of Engineering Education and the Accreditation Board for Engineering and Technology.

A state-of-the-art center for Nursing provides hands-on learning. Students learn with the use of a human patient simulator, a computer-driven mannequin, which mirrors the physical characteristics of a human, and allows students to respond to critical care issues. A simulated hospital care unit with 22 beds allows students to study and test simulated patients.

Allied health laboratories also exist on the Campus for many other careers in the health care field including dental hygiene, health information management, surgical technician, emergency medical technician, and occupational and physical therapy. The Dental Hygiene Clinic also provides low-cost preventive dental care to community residents.

The Metropolitan Campus also features a commercial kitchen and full service restaurant for students in the Hospitality management program. The student-operated restaurant, “The Bistro” serves breakfast and lunch during portions of the school year and is open to campus students, faculty, staff, and the community at large.

Western Campus
The Western Campus in Parma, Ohio, has served Cleveland’s southwest suburbs since 1966, operating in the former Crile Veterans Hospital.

The facilities were replaced in 1975 with a six-building interconnected campus. The sprawling, tree-lined picturesque campus offers more than 1,000 day, evening, and weekend classes for associate degree programs. Students benefit from industry-standard laboratories and spacious learning environments, such as the Health Careers and Sciences Building, Advanced Automotive Technology Center, and the Visual Communications Center of Excellence. A new Public Safety Training Center of Excellence was completed in Fall 2014. The only one in Northeast Ohio, the Public Safety Training Center will offer the latest, specialized training for EMTs, firefighters and police officers.

The Western Campus provides a full array of student services in the centralized Galleria. These services include the Enrollment Center, Admissions Office, Career Services, Barnes & Noble bookstore, a library, computer labs, a cafeteria, and a coffee shop. Students and residents also have access to numerous science, health career and technology labs, a 466-seat theater, an indoor pool, gymnasium, fitness center, outdoor track, and athletic fields for soccer, softball, and baseball. Senior residents can take free non-credit courses through the Encore Program, and summer camps provide affordable, fun educational experiences for grade-school children and teens.

The 220-acre Western Campus at 11000 Pleasant Valley Road is accessible from Interstates 71, 77, and 480. Regional Transit Authority (RTA) buses provide public transportation services to the campus.

An extension of the Western Campus, Brunswick University Center (BUC) was built in 2011 in Brunswick, Ohio. Serving Medina County, BUC offers associate degree programs, as well as bachelor’s degree and master’s degree programs in criminal justice, business administration, accounting, forensic accounting, and management leadership through its partnerships with Tiffin University and Franklin University.

Brunswick University Center at 3605 Center Road (Route 303) is easily accessible from Interstate 71. It is located next to Brunswick High School. The Brunswick Transit Authority provides public transportation to the center.

Westshore Campus
The Westshore Campus is committed to meeting the educational needs of the residents of Cleveland’s Westshore communities. With the Westshore Campus opening in 2011 and the existing Corporate College® West facility, Tri-C provides additional opportunities for
students to complete associate degrees for transfer to four-year institutions or for certificates/degrees leading to entry into the workforce in business and a variety of health careers areas. The Westshore Campus is a transfer-focused campus with an emphasis on Science, Technology, Engineering, Mathematics and Medical (STEMM), and Associate of Arts and Science programs and degrees.

The Westshore Campus offers a one-stop student services area, hosts Health Careers and Sciences as well as a variety of courses in liberal arts, business, IT, pre-engineering, nursing, emergency medical technology, English as a Second Language, and many more. The Campus also offers a Technology Learning Center, library, five science labs and four health career labs, including a human patient simulator. The Campus has a strong commitment to sustainability as noted by the LEED Gold status of its initial facility.

The Westshore Campus and Corporate College® West sites are easily accessible from Interstates 90 and 480 and are located approximately 5 miles from each other in the City of Westlake.

**Community and Continuing Education**

Tri-C offers a wide range of Community and Continuing Education programs and courses spanning a broad base of career development, personal enrichment, and continuing education topics for all ages. We seek to promote individual development and improve the overall quality of life through multicultural lifelong learning courses.

**Audiences we serve:**

**Youth:** Young people can experience college life with our varied line-up of courses and summer camps. These opportunities provide a fun and challenging learning environment for young students that complement their current studies and enable them to easily move into adulthood.

**Personal Enrichment:** Tri-C encourages community members of all ages to participate in both events and courses that enhance the quality of life while building skills with hands-on and informative classes. These classes and events seek to show the ease of acquiring a new skill in a casual and fun environment.

**Topic Areas:** Taking a cue from the community we serve, our lineup of courses is continually updated based on the suggestions of residential and business community members.

All classes and courses offer valuable information to learners of all ages looking to enhance their current skills or quality of life.

**Senior Adult Education**

For more than 40 years, the Encore program at Cuyahoga Community College has been a premier provider of senior adult education opportunities for individuals 55 and older. Based on the concept of providing senior adult education programs within an academic environment, the program holds to an education standard that recognizes the intellectual interests of older students. To provide learning opportunities, Tri-C offers a unique approach to senior adult education with on- and off-campus experiences. The learning possibilities are endless through Encore Campus and the Neighborhood Scholars programs.

**Encore Campus**

Encore Campus is a leading senior adult education program for individuals 55 and older in Greater Cleveland. Students choose from a vast and diverse set of changing classes each session. Outstanding instructors, including current Tri-C staff, retired educators, and professionals crossing the span of education, the arts, business, and health and wellness, teach a variety of courses.

**Neighborhood Scholars**

Cuyahoga Community College’s Neighborhood Scholars program, held in cooperation with community partners, brings its senior adult education program to various locations throughout Greater Cleveland. Our talented instructors offer classes traditionally provided on the College campuses.

**Workforce, Community, and Economic Development Division**

The Workforce, Community, and Economic Development Division (WCED) at Tri-C partners with business and industry, government organizations, and the community to provide: non-credit and credit fast track training for both individuals and businesses; employee and leadership development solutions for professionals and managers; and continuing education and community programs.

**Workforce Solutions**

**Job Link Services**

The Job Link Services (JLS) Department assists with recruiting and assessing qualified candidates to support workforce training programs. JLS offers employability training which includes: soft skills/life skills, work ethic, communications and teambuilding. In addition, job readiness skills such as resume preparation, interviewing techniques, employer networking, online job search and placement assistance, and retention services are also offered.
Public Safety Institute, a Tri-C Center of Excellence
The Public Safety Institute has provided over three decades of professional training to public safety professionals. The police, private security, and fire academies provide state-certified training for police officers, fire fighters, security officers, and first responders.

The law enforcement academies are certified through the Ohio Peace Officer Training Commission (OPOTC). The Workforce division recently opened its state-of-the-art Public Safety Training Center on the Western campus. Tri-C offers four basic OPOTC certified academies: Peace Officer Basic Training, Private Security Training, Bailiff, and Corrections.

The Fire Training Academy facilities are located at the Western Campus in Parma. The Academy is chartered by the State of Ohio, Department of Public Safety, and Division of Emergency Medical Services in Columbus. The Fire Training Academy provides academic and practical skills training for Level I & II firefighters. We provide four day academies and two evening academies each year. Annually, approximately 200 students graduate from the Academy. This training provides the skills necessary for an entry-level firefighter position. Training includes topics related to the established requirements of the Ohio Revised Code for Career Fire Fighters and the training and educational requirements identified in NFPA 1001.

Manufacturing Technology, a Tri-C Center of Excellence
The Manufacturing Technology Center of Excellence provides high demand training that meets the needs of the fast growing manufacturing industry in Northeast Ohio. Individuals receive affordable, high-quality training from industry professionals leading to high demand, portable and stackable skill credentials. The division offers credit, non-credit, certificate, and customized training programs.

The hub for Tri-C’s manufacturing training is located at the beautiful Metropolitan Campus in the Manufacturing Technology Center. The training facility spans more than 113,000 square feet and is the largest industrial manufacturing training center in Northeast Ohio.

Programs include: Precision Machining, CNC Machining, Industrial Maintenance, Tool and Die Apprentice, Industrial Welding, Blueprint Reading, Shop Math, Computer-Aided Design (CAD), Quality Control, Electronics Assembly, Mechatronics, Programmable Logic Controls, and 3D/Additive Manufacturing. The Center will also house our Ideation Station Fab Lab.

Through consultation with an Industry Advisory Board, the standard and customized training programs provide individuals with highly marketable skills that are meeting the talent needs of employers throughout Northeast Ohio.

Truck Driving Academy
The Truck Driving Academy provides high-quality workforce training to meet the needs of employers in the Transportation, Distribution and Logistics sector.

Located in the Heritage Business Park in Euclid, Ohio, the Truck Driving Academy operates in an industrial environment and provides hands-on training utilizing industry standard equipment, transportation vehicles, and a driving simulator.

Center for Health Industry Solutions
The Center for Health Industry Solutions provides training tailored to meet both the clinical and non-clinical workforce needs of the health care industry. The Center provides training to address critical health care employment shortages through our wide selection of continuing education and professional certification programs.

The Center works closely with the advisory board, consisting of representatives from the health care industry, to develop accelerated training and education programs that quickly meet critical workforce needs. All training is scheduled for the convenience of students during the day, evenings, or on weekends, at multiple Cuyahoga Community College campuses.

Entry-level career programs/certifications:
- State Tested Nursing Assistant (STNA)
- Dental Assistant Radiography Initial Training, Radiation Protection Update Training, and Managing Medical Emergencies for Dental Hygienists
- Community Health Worker/Lay Navigator
- Patient Access Specialist Certified Professional Coding Program
- Patient Care Nursing Assistant

The Center also works with health care organizations to develop customized solutions to meet specific workforce needs. Our programs stay current with the rapidly changing health care industry, and our expert instructors focus training on the technical and soft skills needed to succeed on the job. Whether you are a health care professional searching for career advancement, or considering a career change to the health care field, the Center offers high quality programs to meet your needs.

Corporate College®
About Us
Founded in 2003, Corporate College offers Northeast Ohio businesses and individuals professional training and development, along with state-of-the-art meeting and conference space. Corporate College delivers...

Northeast Ohio Commission on
Higher Education

Tri-C is a member of the Northeast Ohio Commission on
Higher Education. This is an organization of 14 Northeast
Ohio colleges and universities that represents a
partnership among these institutions of higher education
and the business and industrial community.

Established in 1951, the commission works to address the
common needs and problems of higher education in
Northeast Ohio.
