## SIGNIFICANCE OF THE NURSING PIN

In the mid-to-late 1800s, pins were used to differentiate medical and nursing personnel from their layman counterparts in times of war. The nursing pinning ceremony has evolved into a time-honored celebratory tradition that acknowledges the accomplishments of nursing graduates and symbolically welcomes them into the nursing profession.

Shown on the cover, the College's nursing pin features notable symbols characteristic of its graduates. The College seal, the outline of the city of Cleveland and the state of Ohio seal symbolize growth and continued progress. Together, the torch and Telstar represent perseverance, determination, learning and communication. The nuclear energy symbol represents research and modern technology. These characteristics combined are the embodiment of the Tri-C nursing graduate.

Finally, the color apricot is representative of the academic discipline of nursing. For this reason, an apricot rose is presented to each nursing graduate to further honor their accomplishments.

## FLORENCE NIGHTINGALE PLEDGE

*I will devote myself to the welfare of my patients, my family and my community.*

*I will endeavor to fulfill my rights and privileges as a good citizen and take my share of responsibility in promoting the health and welfare of the community.*

*I will constantly endeavor to increase my knowledge and skills in nursing and to use them wisely.*

## STUDENT SPEAKER

### **Joshua Eddie**

Joshua Eddie, a proud member of the graduating Class of 2024 at Cuyahoga Community College (Tri-C®), has achieved remarkable success, balancing rigorous academics, full-time work and military service. Growing up in East Cleveland, Eddie was motivated to change his path, and Tri-C was a pivotal part of his journey.

He completed seven classes per semester while working as the director of valet services in downtown Cleveland, supervising 20 to 30 employees, and managing two properties. He was even deployed twice over multiple semesters during his nearly 10-year Air Force career, most recently for hurricane relief.

This spring, he will continue his education at Franklin University, earning his bachelor's degree in criminal justice. He then plans to pursue a master's degree in business administration the following year. Eddie's goals include becoming a special agent and ultimately returning to Tri-C as a criminal justice professor, inspiring future students to overcome challenges and pursue their dreams.

## ACADEMIC REGALIA

Traditional academic regalia originated in 12th-century England with the robes worn by the monks who administered Oxford University. In the United States, the use of academic regalia dates to 1754 and the founding of Columbia University. The standards for academic regalia styles and colors were established in 1895 and are maintained by a commission of college and university officials.

As seen today, regalia typically consists of three items: the robe, the mortarboard and the hood. The robe is usually black, although institutions may sanction the use of other colors. The style of the robe changes for associate, baccalaureate, master's and doctoral degrees. The width and style of the sleeve and the length of the hood increase with each advanced degree. The mortarboard is adorned with a tassel: black for those who have earned an associate, bachelor's or master's degree, and gold for those who have earned a doctorate or are governing officers of an educational institution. In the hood, the color of the velvet border identifies the academic field in which the degree was earned, and the colors of the lining are the official colors of the institution that granted the degree.

Students who have achieved academic honors wear a gold honors cord. The honors cord indicates that the graduate has a cumulative grade point average of 3.5 or greater. U.S. military veterans wear a red, white and blue medallion.

Phi Theta Kappa, founded in 1918, is recognized as the official honor society for community colleges by the American Association of Community Colleges. Members of Phi Theta Kappa may wear the society's honor stole, made of gold satin and embroidered with the society's Greek letters and seal.

## THE LEGEND OF THE STOLE OF GRATITUDE

Every graduate has had a special person who, through moral or financial support, made a big difference in his or her life. The Stole of Gratitude offers an opportunity to say “Thanks for making it possible for me to succeed!”

After the ceremony, the new graduate presents the Stole of Gratitude to someone who provided extraordinary support or who has helped with wisdom, words of encouragement or financial assistance.

Immediately after graduation, the graduate may take the stole from around their neck and place it around the neck of the recipient. If more than one stole is worn during commencement, they symbolize multiple persons who will receive Stoles of Gratitude.

Presenters often write a few words of love and appreciation on the back of the stole using a permanent, fine-tipped marker. Friends and family of the graduate may autograph the front or back. The Stole of Gratitude is a lasting symbol of love, appreciation and academic accomplishment.

***Congratulations, graduates!***

Graduate,

Congratulations on your academic achievement, and welcome to the Cuyahoga Community College (Tri-C®) alumni family!

We commend you on the courage, persistence and self-discipline it took to complete your studies. We hope you will reflect with pride upon your days at Tri-C and the impact that education has had on your life.

We invite you to stay in touch and become an active member of our alumni family as you launch your new future.

We wish you much success.

**Megan O'Bryan**
