Digital Marketing

Digital changes everything. Culture. Commerce. Community. And then digital goes and changes itself. Such is the rate of progress. Your ambition may be big and clear, but without the right digital skills, it is completely out of reach. And it's not just about what you can do — it's also about what the world knows you can do.

The greatest professional challenge of the 21st century is staying relevant — closely followed by communicating how relevant you are in that noisy, dynamic space where new meets now. Fortunately, these online courses in digital marketing will help you stay relevant today and for the rest of your career.

All courses are online and self-paced, so you can choose when you want to start. Some classes can be completed in as little as 12 weeks and others in 12 months. Once you enroll in a course, you will receive your online registration instructions within two business days.

Certificate Programs (100% online)

- Certified Digital Marketing Associate Essentials
