

OSHA: Safety and Environmental Compliance

Overview

Prevent misinterpretation, save time and ensure your organization is compliant with industry-specific laws, regulations and standards by taking advantage of Environmental, Health and Safety training and resources at Corporate College®.

A wide selection of OSHA training courses, certificate programs and customized solutions is available to help you improve the recognition, avoidance and prevention of safety and health hazards in the workplace. We'll work with you to identify your specific needs and design a streamlined approach to building your compliance toolkit.

Highlights

- Work with OSHA-authorized instructors and materials.
- Receive OSHA-endorsed certification.
- OSHA courses cover industry standards, hygiene, respiratory protection, ergonomics, evacuation and emergency planning, health hazard awareness, safety and health management, accident investigation, recordkeeping and more.
