

CUYAHOGA COMMUNITY COLLEGE (TRI-C®)

Learning and Growing
Together
Through
Change

Wednesday, May 17 | Eastern Campus

Welcome to the Spring 2023 Convocation, hosted by our colleagues at the Eastern Campus. We are excited to come together with our faculty to celebrate another successful academic year, and we look forward to watching our students graduate at Commencement later this week.

This year's Convocation theme, Learning and Growing Together Through Change, represents the journey our faculty, students and staff have taken — not only as we've emerged from the challenges of COVID-19, but through the nearly 60 years Tri-C has been providing high-quality, accessible and affordable education. Our Tri-C team has helped more than 900,000 individuals begin their journey toward degrees, workforce training and lifelong learning opportunities.

Since our founding in 1963, we have created a systematic approach to community college education, promoted fair and equitable access to education and ensured our students complete their academic and workforce journey.

In collaboration with our nationally recognized faculty, Tri-C is ready to grow and change once more as we begin to focus on our students' post-college success. Our institutional principles of access, equity and success give us the foundation to transform Tri-C by building a culture of clarity, redesigning the student experience and strengthening the value proposition of our College. Together, we can begin the College's next 60 years by working to ensure every student in every program from every zip code receives a degree or credential of lasting value that provides a family-sustaining wage and continuing advancement opportunities.

Sincerely,

A handwritten signature in black ink that reads "MABA". The signature is fluid and cursive, with a long horizontal line extending to the right.
