

# ALL IN *for* RETENTION

We need your help to reach our goal of **increasing retention**

## Top 5 Ways to Encourage Early Spring Registration

### 1. Talk about it often

- Ask students about their spring registration plans. Many don't know that even if they are finishing up a prerequisite, they can register for their next courses now. If students need an academic plan or registration advice, direct them to the [Counseling Center](#).
- Encourage students to register before winter break
- Remind them to register early for choice of classes and modality

### 2. Promote campus pop-up registration events

### 3. Recommend scheduling a financial wellness check

- Call 216-987-6000 (Option 2)
- Visit [tri-c.edu/financialaid](https://tri-c.edu/financialaid)
- Live chat with representative: [tri-c.edu/livechat](https://tri-c.edu/livechat)

### 4. Utilize the Early Alert System

and help us connect at-risk students to campus resources

### 5. Connect students to essential resources

on the [Student Resource](#) page.

For registration: [tri-c.edu/register](https://tri-c.edu/register)
