

## Explorance Blue FAQs for Students

### What is Explorance Blue?

Explorance Blue is an online survey tool that allows you to share valuable feedback about your courses. Completing a course feedback form for each course makes a direct impact and helps Tri-C enhance the quality of education. We strongly encourage all students to participate.

### When will I complete the course feedback form?

You will receive an automated email from [evals@evals.tri-c.edu](mailto:evals@evals.tri-c.edu) and a Brightspace pop-up notification **when your course is two-thirds complete**. Please complete the course feedback form as soon as possible.

### How long will I have to complete the course feedback form?

You can submit your feedback **until the course end date**. You will receive up to two email reminders if you haven't completed the form.

### Can I change my responses after submitting the form?

No. Please review your responses carefully before submitting, as changes cannot be made afterward.

### Are my responses anonymous?

Yes. All feedback is confidential and anonymous. Faculty can see the total number of responses but cannot identify individual student responses.

### When will faculty be able to review responses?

Faculty will be able to view feedback only after final grades have been submitted—about five days after the course ends.

### Who do I contact if I have additional questions?

If you have questions or need additional help, please send an email to [helpcoursefeedback@tri-c.edu](mailto:helpcoursefeedback@tri-c.edu).
