

Download Panopto for Windows from the Software Center and Open it in Brightspace

Quick Summary

Panopto for Windows is a desktop app that allows more features than the browser recorder, Panopto Capture. On a Tri-C laptop or desktop, you need to use the Software Center to install Panopto for Windows. Here are the steps:

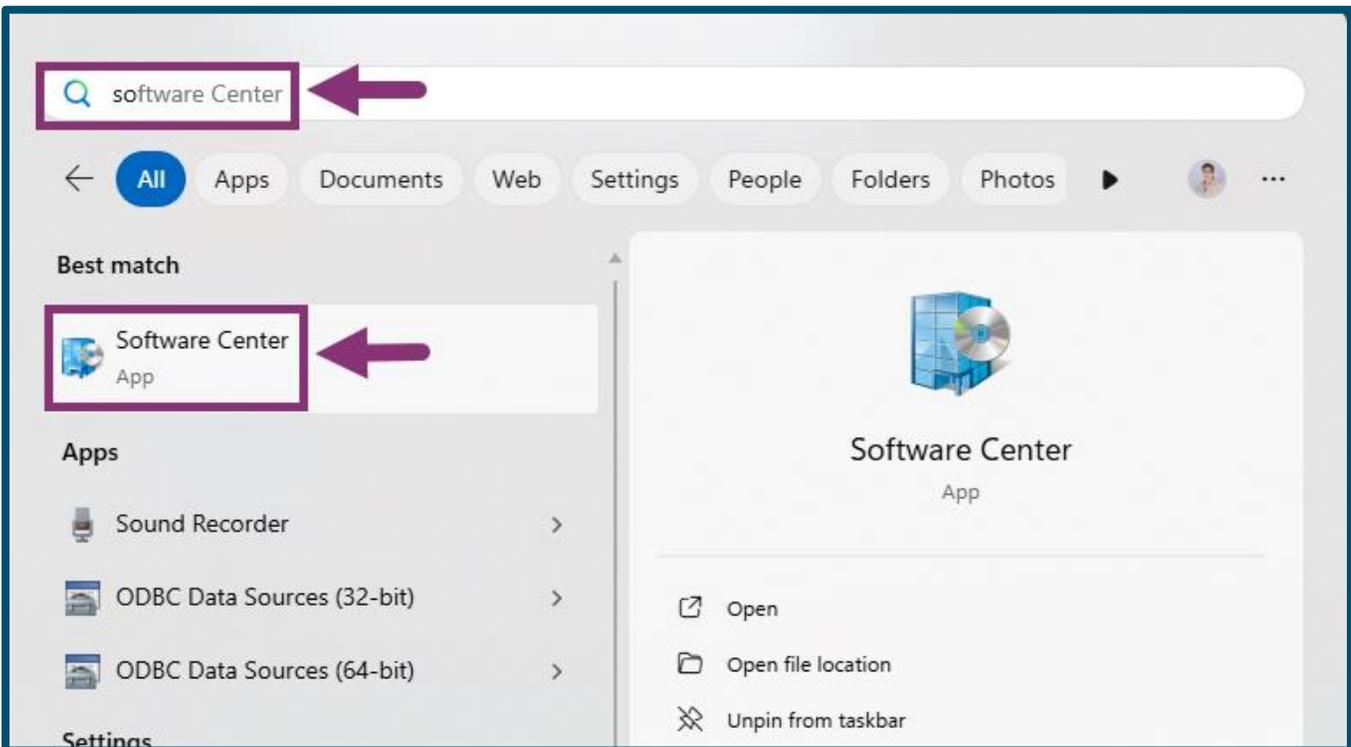

1. Navigate to the Software Center
2. Install Panopto Recorder
3. Return to Brightspace and use Panopto for Windows when you select +Create

Download Panopto for Windows

Step 1: Select the Windows Icon on your computer toolbar

Step 2: Begin to type “software center” in the search bar and select it when it appears below

Step 3: In the Applications tab, select Panopto Recorder.

Step 4: Select Install. When the installation completes, close the Software Center.

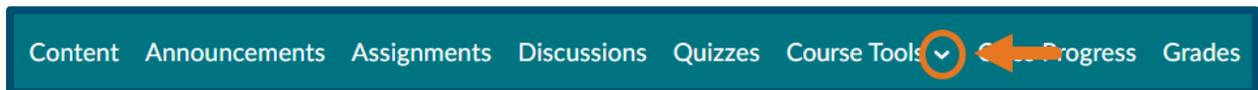

Access Panopto for Windows

Step 1: To use Panopto for Windows, return to Brightspace and open Panopto.

One way to access Panopto is the Panopto Course Folder.

- Select Course Tools.

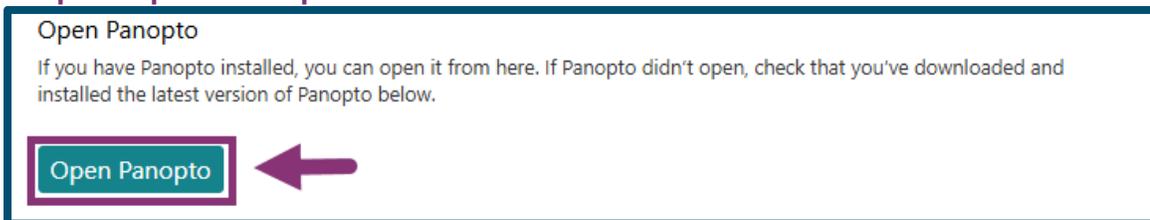

- Choose Panopto Course Folder.

Step 2: When you select the Create+ button, choose Panopto for Windows.

Step 6: Open Panopto

Need Help

If you need help installing or accessing Panopto for Windows, email helpdesk@tri-c.edu to get assistance from the Help Desk. If you would like to set up a virtual appointment with a member of the Instructional Design team, visit the [Schedule an Appointment](#) page.
