Students with demonstrated emergency expenses or disruptions related to COVID-19 during the Spring 2020 semester may be eligible for funds up to \$1,500. CARES Act applications are reviewed by Student Financial Aid and Scholarships staff. The application review process confirms student eligibility, under Section 484 in Title IV of the Higher Education Act of 1965, to receive student emergency grants under Section 18004(a)(1) of the CARES Act.

- Completed applications are reviewed within 7-10 business days. Refunds are paid directly to the student, by the Student Accounting Services office, via direct deposit or check by mail.
- The amount awarded is determined based on the emergency expenses or disruptions documented by the student and by applying the estimated cost of attendance budget amounts used in other financial aid awarding guidelines.
