

### **3354:1-20-03.4 Parking procedure.**

- (A) Students, employees, and visitors must observe College parking rules and applicable laws.
- (B) The privilege of maintaining a vehicle on campus may be rescinded at any time if a student, employee or visitor fails to observe this procedure.
- (C) The College is not responsible for losses due to theft or damage to vehicles while parked on property owned, leased, or operated by the College, including without limitation parking at special events occurring off College property.
- (D) Vehicle registration and parking permits.
  - (1) All faculty/staff parking lots on campus are permit parking only. Employee permits can be obtained by opting into the Employee Parking Authorization with a payroll deduction. Form can be found on my Tri-C Space, within College-Wide Forms through Work Tools tab. The College's office of Hospitality Services and Retail Operations will distribute the permits to the employee.
  - (2) Visitors' parking spaces are dedicated for those who do not have regular business at the College. Visitors parking is available at the following locations:
    - (a) Metropolitan Campus: Lots 3 and 6.
    - (b) Manufacturing Technologies Center: Lot 8 and off the entrance from Woodland Avenue.
    - (c) Western Campus: Lots C and D.
    - (d) Eastern Campus: Lots B and E.
    - (e) District Office: northwest side of entrance, prior to entering garage. District visitors must check in at the front desk.

  - (3) Vendors, contractors, temporary employees and consultants should contact the department for which work is being performed to determine the approved permit classification (annual, semester, part-time) and payment method.
    - (a) If the department will be paying for the parking permit, a department representative must complete the necessary registration form and purchase

the approved permit through the office of College Hospitality Services and Retail Operations, using the appropriate organizational budget number.

(b) If the vendor, contractor, temporary employee, or consultant will be paying for parking, they must complete the necessary registration form and purchase the approved permit through the Office of Hospitality Services and Retail Operations.

(4) Similar to the Institutional Fee that the College assess students as part of their tuition, the deduction for parking is not for a specific parking space at any of our College Campuses or facilities, but rather to ensure the maintenance, security, seasonal upkeep, and lighting for all College parking lots and garages. The parking permit for an employee does not guarantee a parking space, but affords the employee an opportunity to park in authorized parking areas when parking spaces are available.

(5) Students are not required to display a parking permit. Students are required to pay the Institutional Fee as outlined below.

(E) Fee structure.
