

## Where I am From and Where I am Going

My family and I are all from Ternopil, Ukraine. I grew up in a small village with my family and then moved to the United States for a new life. My goal in life is to give beauty and happiness to people and become a hair stylist. I wish to style people's hair for occasions such as romantic nights, fun activities, and just for style. I want to become such a good pro so that I could be able to style their hair based on their face. I wish to learn how to make foldable haircuts, how to make hair, and to style hair wonderfully. This is what I call proficiency.
