

My Story

I came to United States from Ukraine in 2014 today. I would like to share with you my story. I came to United States with my family when I was 14 years old I was so excited when I'm found out that we were going to move I was very upset because I did not want to leave.

I came to United States because I want a good future. When we came United States, I look around because it was all new here for me another building, different people. When we came to Ohio it was a warm and sunny day.

Godmother took us from airport I did not see her for 10 years.

In 2016 I went to Valley Forge High School In 2021 I was graduated from from High School then In Fall I went to Tri-c.

I went to tri-c because I want to learn English more perfect because I want go to study for a profession and I need English in the future for work and communication with other people. If you can see my life life can change at any moment.
