Where I'm from / Where I'm going

I'm from Puerto Rico,
The island of enchant.
Where given to us cultures,
Histories, delicious traditional Latin food and tipic dances.

The island is tropical nature,
A paradise between the Atlantic Ocean and Caribbean Sea.
Where you see the beautiful blue sky,
and awesome nature gift that people enjoy to seeing.

I'm going to the United Stated,
The country with fifty states.
Where they have another culture,
Histories, history places and other languages.

The country is amazingly big,
A continent in North America.
Where all people have to another way of life,
And the season of the year exist, and It's a wonderful experience to me.
