

## My Story buy Tetiana Lupashtian

I was born in Ukraine, and when I was 35 I moved to the United States. First, In Ukraine I lived in a small town. There I studied, went to work and met my future husband. Second, I got married and had two wonderful children. Then my husband went to France to work, and he was gone for thee months. It was very difficult without him and we missed him very much. Later, we moved to the United States. We lived with my parents in Philadelphia for six months. I went to work on cleaning as my husband went to study to be a truck driver. After that, we decided to move to Ohio. I went to study in the college. I really like learning although it's hard. My husband went to work on the truck. Finally, I would like to see my future successful. I want to have an interesting and paid job to my liking. Also, I want to buy a big nice house so I can live happily there with my family. I would also like to be able to travel a lot. This is my past and my plans for the future to find my own way in life to live it for a reason.
