

By: Pegdwende Derra

Where I'm from, Where I'm going.

I am from Burkina Faso, where I'm from.

Where I'm going, I'm going to the United States of America.

People work very hard to take care of their family where I'm from.

Where I'm from, I see their courage and especially their determination.

I feel a great joy in me where I'm from.

Where I'm from, I remember my childhood.

Where I'm from, I play with my brother

In the park and in the house where I'm from.

Where I'm from, it's a place full of memories for me where I'm from.
