I'm from Ukraine. My city is called Lviv. This city is very old and beautiful. It has many old buildings and statues. Many tourists come to visit Lviv because of its history and architecture. People like to walk around the city and shop, go to restaurants, coffee shops, and enjoy the live music and artists. Lviv has many museums and theaters. In the future I dream to live in Cleveland. I also like to visit Lviv, Ukraine because I still have family and friends that live there. My dream job one day is to tell my husband what to do. This will make my future happy and bright.
