Welcome to online support for fulfilling background checks and health requirements for allied health and nursing programs.

In this module you will learn the policy and protocol for drug screens.

Policy and Protocol for Drug Screens

Generally, health career programs do not require a drug screen for admission; however, a drug screen may be required by a clinical or practicum site.

Generally, health career programs do not require a drug screen for admission; however, students should be aware that a drug screen may be required by a clinical or practicum site.

Policy and Protocol for Drug Screens

If a drug screen is required...

- the student will be notified by the health career program contact
- drug test collection may be conducted at the clinical site
- a CastleBranch-initiated screening may also be permitted

If a drug screen is required, the student will be notified by the health career program contact.

Drug test collection may be conducted at the clinical site or a CastleBranch initiated screening may also be permitted

Policy and Protocol for Drug Screens

Timeframes also vary from site to site, so...
...it is crucial that students wait for direction before proceeding

Timeframes also vary from site to site, so it is crucial that students wait for direction before proceeding.
