

	<p>Welcome to the online support series for fulfilling background checks and health requirements for allied health and nursing programs at Tri-C. In this module, you will learn how to fulfill the Tdap (Tetanus, Diphtheria and Pertussis) vaccine requirement.</p>
	<p>Vaccination is the only option for this immunization.</p> <p>A Tdap vaccine is valid for 10 years.</p> <p>After 10 years a TD booster is required</p>
	<p>Medically documented evidence of a Tdap within the past ten years should be uploaded to fulfill the requirement.</p>
	<p>At ten years, a TD booster is required.</p> <p>If your Tdap will be expiring during your course of study, you will need to obtain the TD booster. A full Tdap is not necessary but is an acceptable option.</p>
	<p>If you have questions regarding this or any requirement, please contact your respective health career program.</p>
