Additional Information:

Assumptions: college-level readiness in MATH and ENG; no Foreign Language Deficiency (FLD). NOTE-this is different from the Foreign Language Requirement (FLR) which is a requirement in the College of Liberal Arts and Social Sciences at John Carroll University (JCU).

JCU proudly participates in reverse transfer with Cuyahoga Community College (Tri-C) and hopes to make this transfer process

as smooth as possible; learn more about the reverse transfer process at <http://www.tri-c.edu/transfer-center/reverse-transfer.html>. Cross registration information can be obtained from the Registrar's Office at Tri-C. For more information, contact the Conflict Resolution and Peace Studies department at 216.987.2582 or the JCU Admission Office at 216.397.4294.

John Carroll University requires a minimum of 120 total credit hours for graduation. At least 60 credits must be completed in-residence at John Carroll University. All general requirements, Core requirements, and all requirements for the major must be completed along with a quality-point average of at least a 2.0 for graduation. Students' deficient in total credits or in-residence credits or in quality-point average requirements must take additional elective credits to meet the minimum requirements. Depending upon other elective choices made, students may not need as many general electives as indicated above, or may need additional electives.

This information is provided solely for the convenience of the reader, and John Carroll University expressly disclaims any liability which may otherwise be incurred. This publication is neither a contract nor an offer to make a contract. While every effort has been made to ensure the accuracy of the information, John Carroll University reserves the right to make changes at any time with respect to course offerings, degree requirements, services provided, or any other subject addressed herein.

This map represents one example of how to complete the Associate and Bachelor's degrees. Students should work closely with advisors at both institutions to discuss options.

^ Tri-C equivalent course taken under SPCH will be accepted to meet this requirement.

Student must verify that the course they plan to take at JCU will transfer back to Tri-C to satisfy degree requirements.

**The sequence of the math courses taken is dependent upon math placement determined by Tri-C.*

***These courses can be taken as a cross registered course while students are enrolled at Tri-C or can be taken once they enroll at JCU. Transferable courses may be substituted, but be sure that they will satisfy the Associate degree requirements.*

****These courses are a part of the reduced core curriculum for transfer students with more than 45 earned credit hours.*
