		17			15

Bachelor of Arts Degree Awarded Total Credit Hours: 126/128

Transfer Pathway Information

This transfer pathway represents one example of how to complete an associate and bachelor degree. Students should work closely with advisors at both institutions to discuss options. An advisor can also assist students with developing a graduation plan for full- or part-time study.

Course sequence may change based on the individual needs of the student and schedule type required. New college students may be required during their first semester to participate in GEN 1070, First Year Success Seminar, a one credit hour course. See a Tri-C Counselor for details.

*Students should complete the following mathematics course as part of the AAS degree prior to transferring: **MATH 1410**

This program awards maximum credit for an associate degree from Cuyahoga Community College, streamlining completion of a bachelor's degree from Malone University, fulfilling most of the core requirements, and guaranteeing junior status.

In order to graduate, all students must complete:

- A minimum of **120** semester credits (combined Tri-C and Malone University)
- Meet Malone University's residency requirement of 30 credit hours.
- Earn an overall g.p.a. of 2.0 and a major g.p.a. of 2.5.

This information is provided by both institutions solely for convenience and expressly disclaims any liability which may otherwise be incurred. This is neither a contract nor an offer to make a contract. While every effort has been made to ensure the accuracy of the information, each institution reserves the right to make changes at any time with respect to course offerings, degree requirements, services provided, or any other subject addressed herein.
