You must register in courses that are required for the degree/certificate program you have selected. The Department of Veterans Affairs only pays for courses which are part of an approved degree/certificate program, and have not been previously and successfully completed. Please refer to your Degree Works report and/or contact your Academic Counselor to be certain the classes you are taking will apply towards your degree. You must submit a copy of your class schedule along with your GI Bill® Certification Form to the Tri-C VA Office for certification of education benefits.

Initial Here

If you adjust your class schedule then you must report these adjustments to the Tri-C VA Office immediately. Federal law requires you to report any change in your enrollment status that might affect your VA education benefits; including alterations to class schedule, change of major, and change of address. Changes reported in a timely matter will prevent delay in payments - or possible overpayments.

Initial Here

Changes in enrollment after the last day to drop and add courses may result in the retroactive loss of benefits, unless mitigating circumstances were involved in the change. If mitigating circumstances exist, proof of said circumstances must be on file with the Tri-C VA Office. Loss of benefits could revert to the first day of class. Failure to notify the VA Certifying official of changes made in your schedule will result in changes in your benefits.

Chapter 30 and Chapter 1606 students must verify their enrollment with the VA on the last week of each month before your payment is issued. Payments are disbursed from the VA, not Tri-C. Verification phone number is 1-877-823-2378 OR on the web at [www.gibill.va.gov](http://www.gibill.va.gov). The first time you verify, you will need your file number (or your whole SSN) and the ZIP code on file with the VA.

You must provide to the college, official copies of transcripts from all previously attended colleges and universities for transfer evaluation. Failure to submit all previously attended college and university transcripts will result in future semesters not being certified with the VA. You should also consider ordering your Joint Service Transcripts (JST) to receive college credit for military training.

Initial Here

The Enrollment Center will make special hold arrangements for students who receive Chapter 33 (Post 9/11 GI Bill) and Chapter 31 (Vocational Rehab GI Bill) benefits only each semester the GI-Bill Certification form is submitted . ***If Tri-C applies a hold in anticipation of future VA payments to your account and the VA does not make a payment because you do not have sufficient benefits, you are obligated to settle your student balance prior to the end of the term and the release of your transcripts. You are responsible for monitoring your student account.***

For students who currently serve in the military, and will miss classes for short-term military training exercises, we recommend that you contact your instructors as soon you become aware and provide them with a copy of your orders. This will allow time for appropriate arrangements to be made.
